FIRE PROTECTION DIVISION MEMORANDUM #11-87

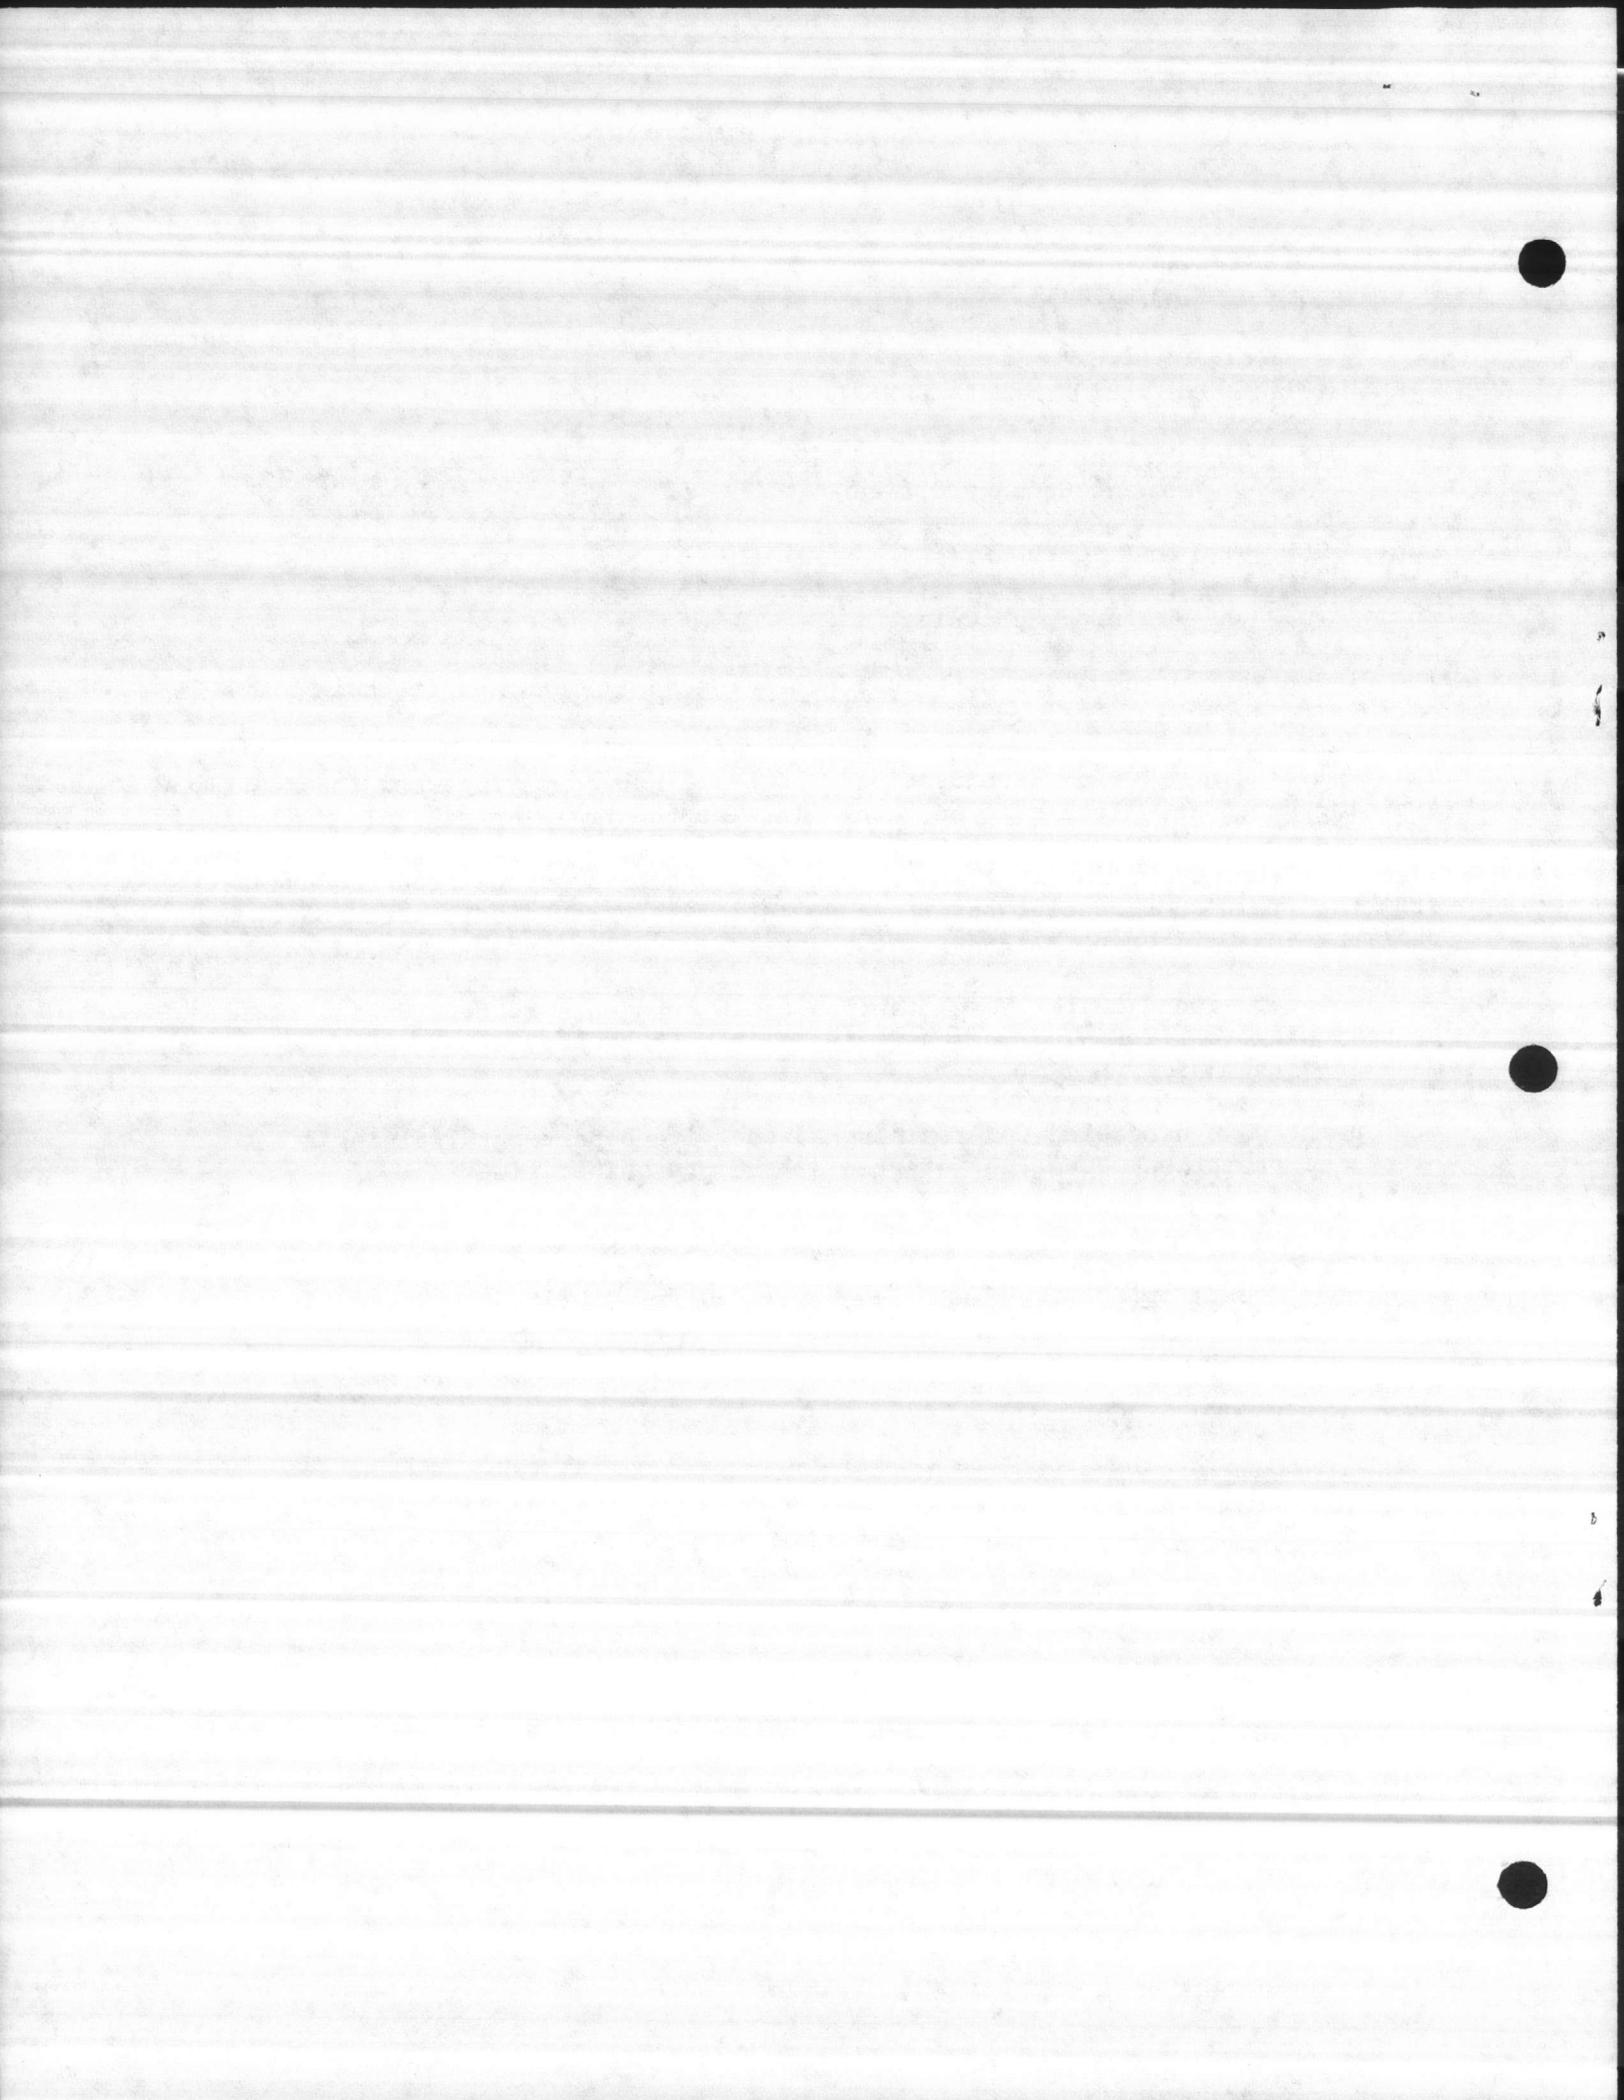

From: Training Officer  
To: Fire Department Company Officers

Subj: JUNE TRAINING SCHEDULE

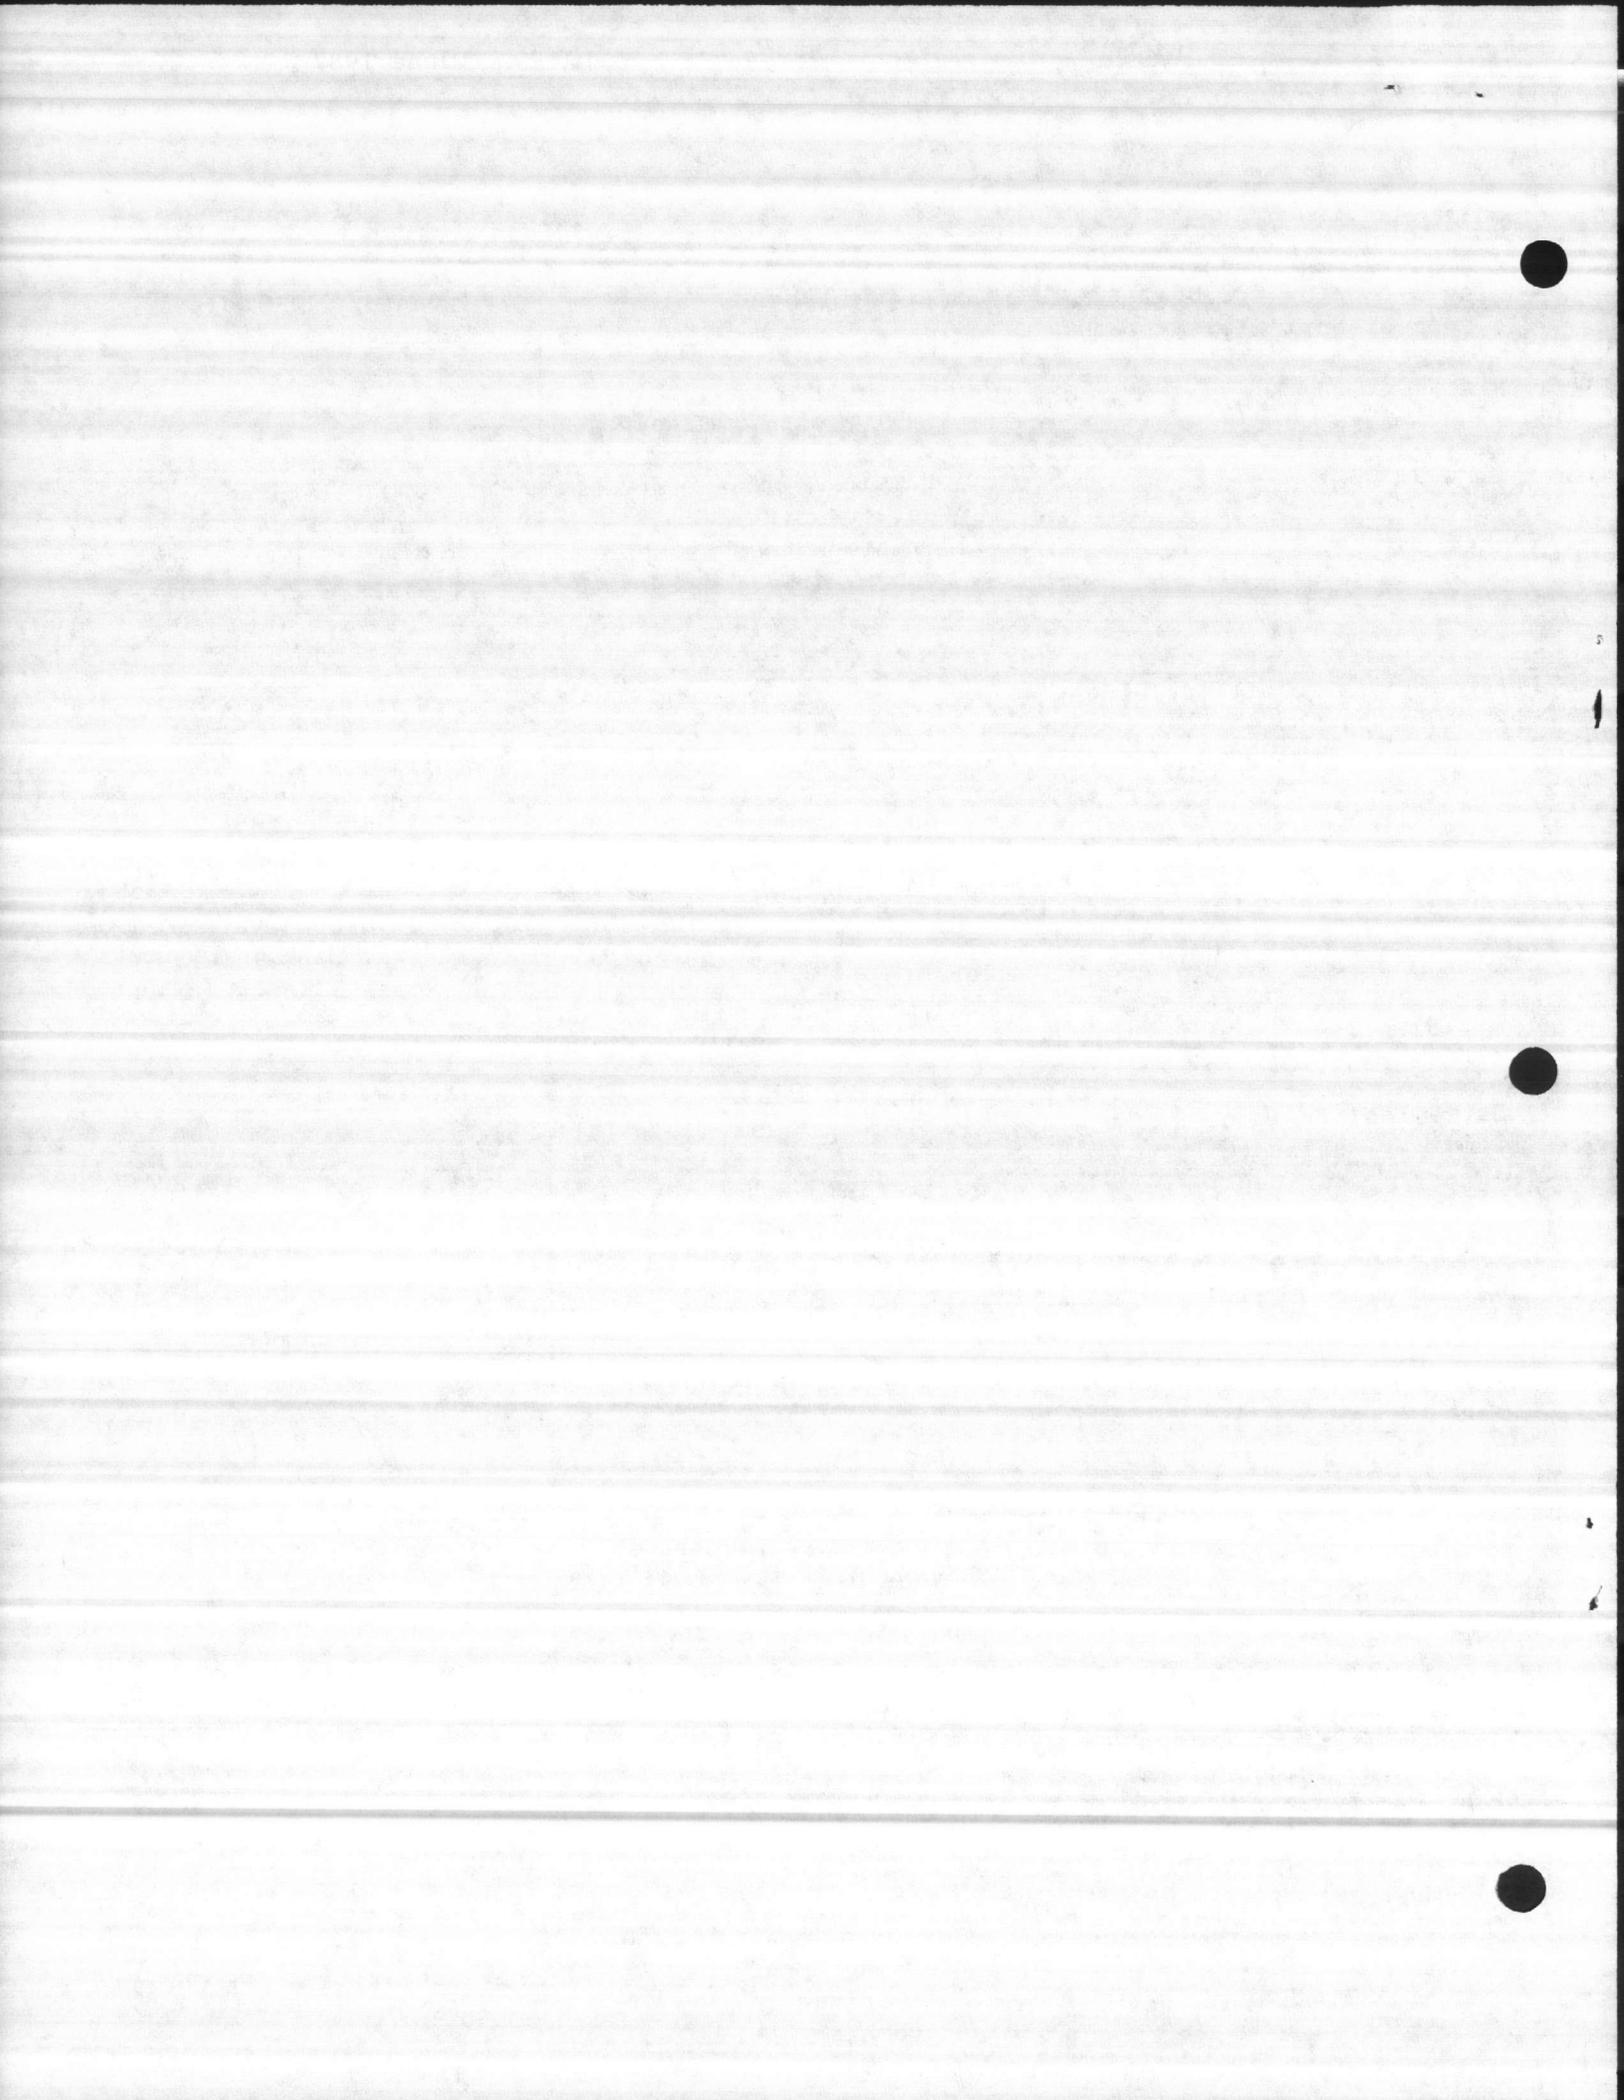

Encl: (1) June Training Schedule

1. Please make note of the astericks on enclosure (1) and see if these items pertain to you.
2. I am finding several Fire Stations which are not complying with the monthly training schedule. Each station should look at the training schedule daily and plan his required two hours of training around the subjects indicated on there. I realize that from time to time the Station Captain sees the need to deviate from the training schedule, but these deviations should be only occasional, and the Training Officer notified of the change.
3. As I get around to the Fire Stations again on a more routine basis, I will be reviewing your Training Logs and expect them to be kept up and entries made into them daily.
4. On the days scheduled for training at the Fire Department Training Area, please be prompt so we can get started at the prescribed time.
