RE: SUBMISSION OF ASBESTOS
REMOVAL NOTICE BUILDING 223
CONTRACT #86-5439

Dear Mr. Wakild:

We have been advised by both our contract office and Mr. Wayne Cook of your staff that the subject notice was not provided for your review prior to the initiation of the asbestos removal at this site. We regret this error and any inconvenience it may have caused you.

The asbestos removal notice for this facility has subsequently been submitted to your office by the contractor. This procedure conforms to the revised submission process as addressed in our letter of 29 October 1987. We are attempting to eliminate duplicate notices currently filed by both the contractor and the Resident Officer in Charge of Construction.

Thank you for your continued cooperation in our efforts to manage asbestos removal in accordance with State of North Carolina Environmental Regulations.

Sincerely,

T. J. DALZELL
