From: Director, Natural Resources and Environmental Affairs
Division, Marine Corps Base, Camp Lejeune
To: Assistant Chief of Staff, Facilities (Attn: Environmental
Engineer), Marine Corps Base, Camp Lejeune
Subj: HAZARDOUS WASTE MANAGEMENT; SOLVENT RECYCLING
Encl: (1) Miscellaneous information on Finish Engineering Co.,
Inc. Solvent Recovery System
(2) Safety-Kleen Sales Management letter of March 15, 1985

1. Recommend you investigate feasibility of accomplishing the subject recycling, either inhouse (see enclosure (1)) or by contract services (see enclosure (2)). This could be addressed by your HM/HW study. With the large number of solvent vats at Camp Lejeune, there has to be significant potential in this area.
