**Carolina Telephone and Telegraph Company
New Bern, North Carolina**

Attention: Mr. G. C. Heath, District Engineer

Dear Mr. Heath:

This refers to your letter of 8 January 1963, requesting permission to construct additional telephone facilities on government-owned property in Tarawa Terrace, North Carolina, for the purpose of increasing telephone service to military families residing in the Tarawa Terrace housing area.

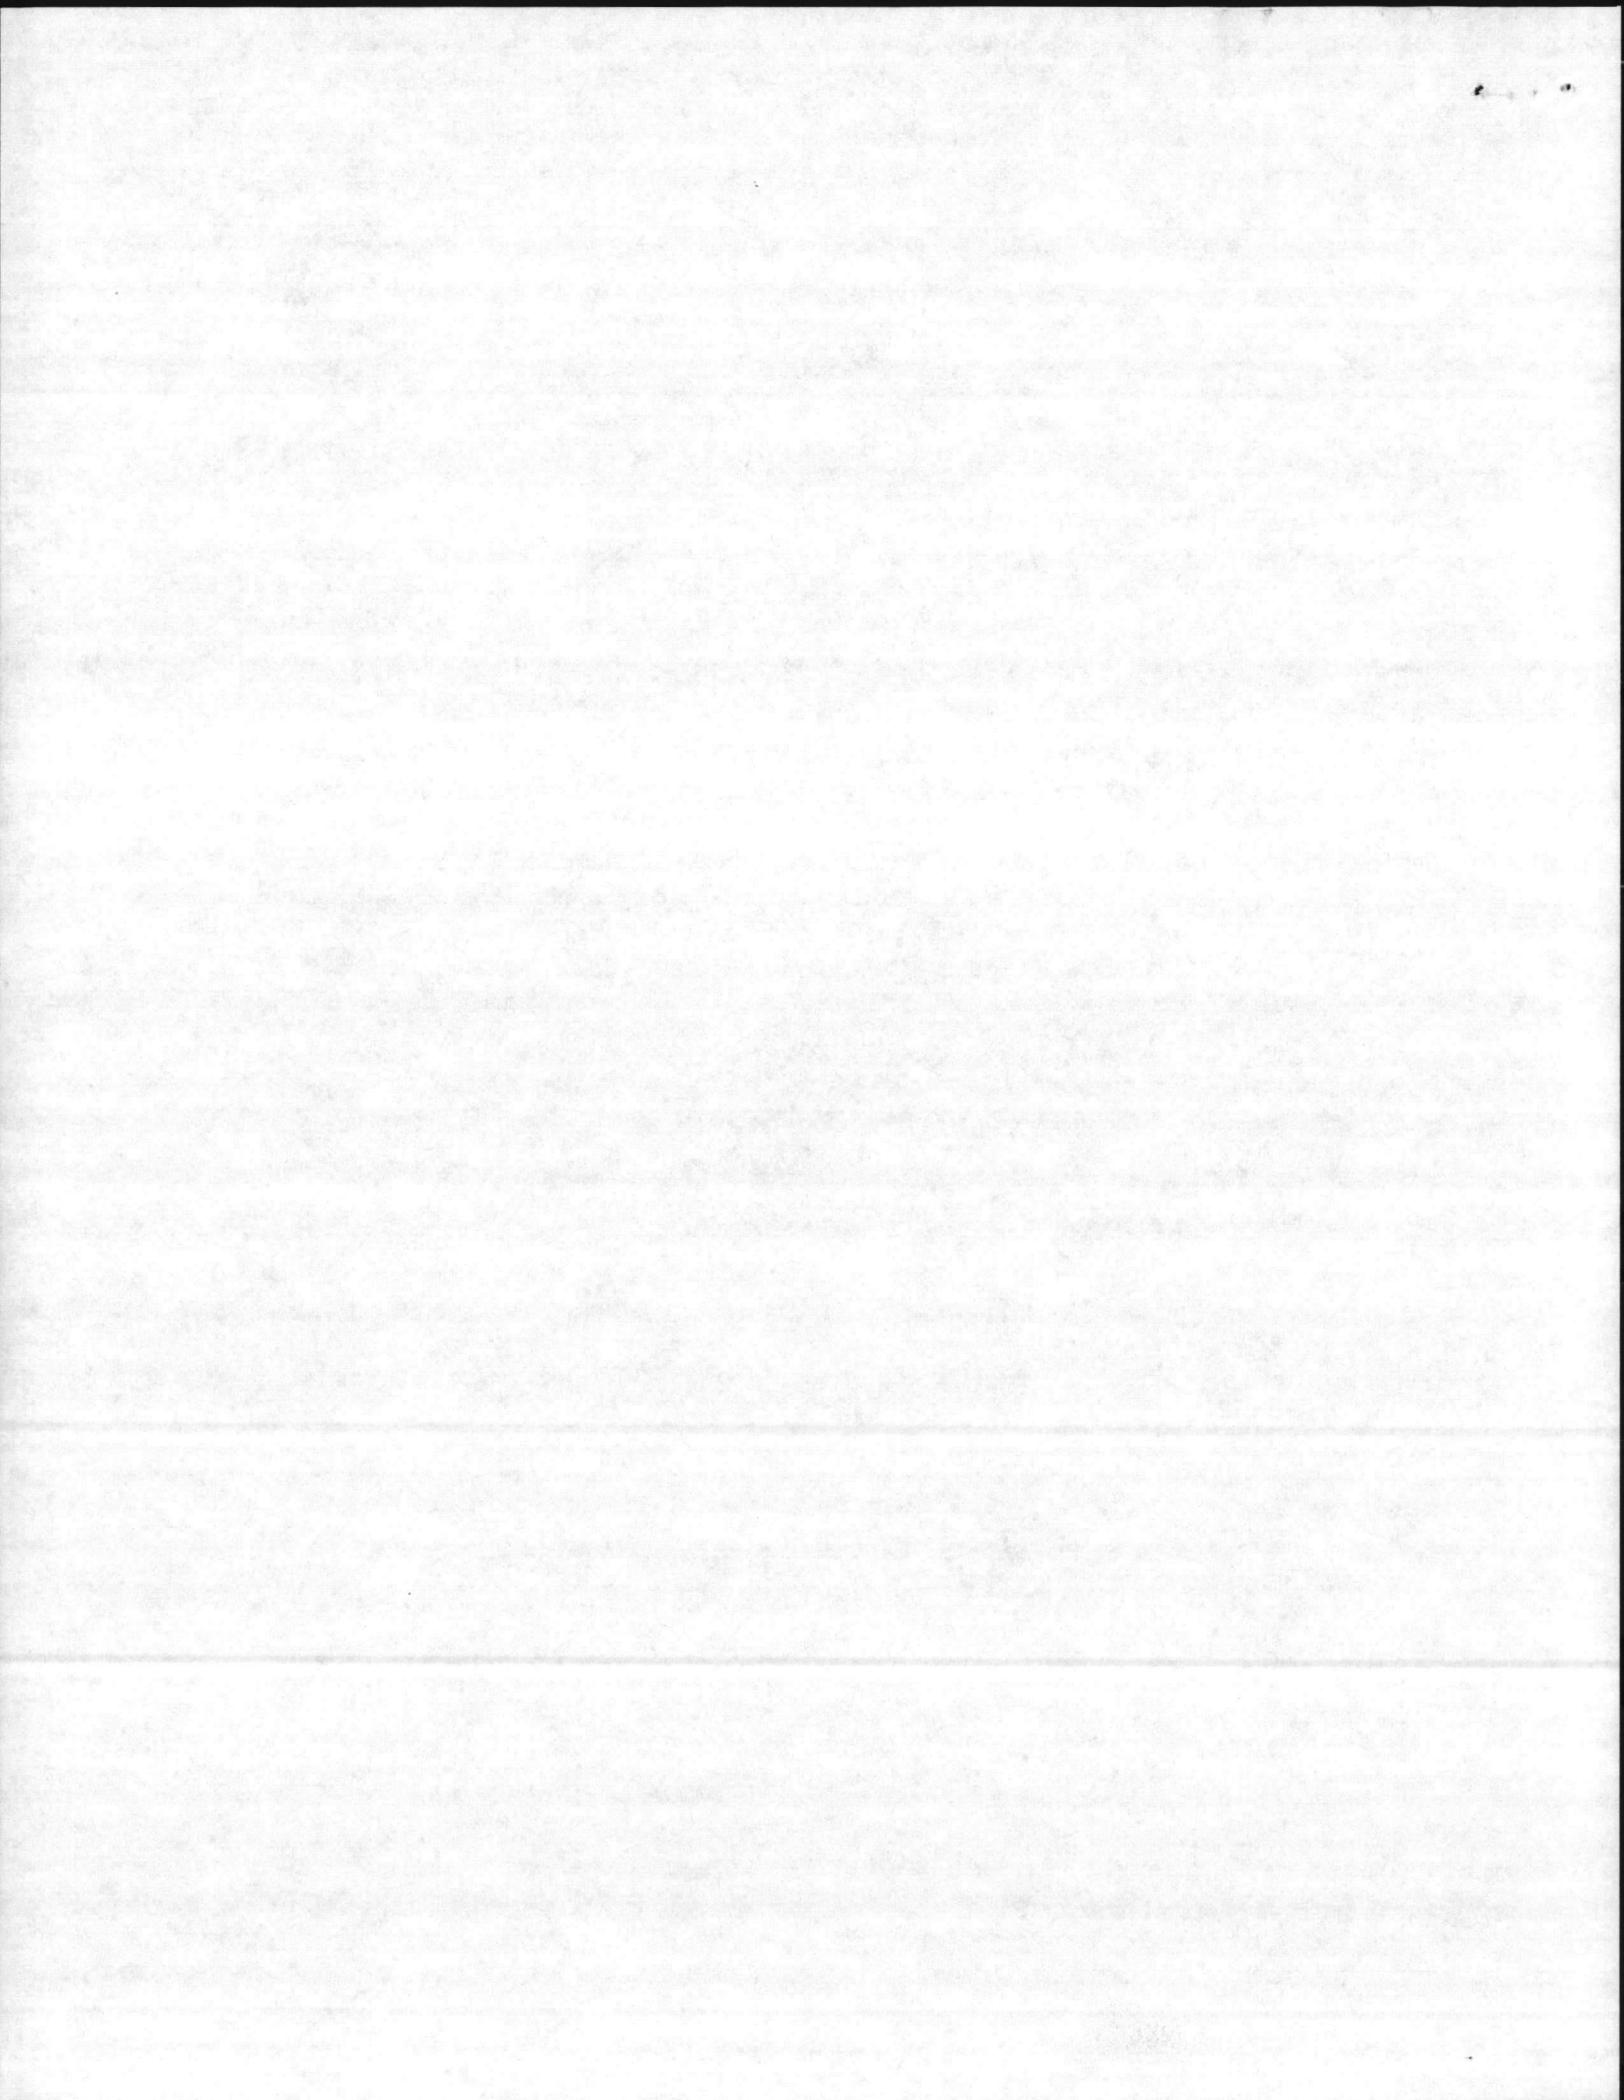

The installation proposed, as outlined in your letter and drawing attached thereto, meets with the approval of the government. However, prior to and during the progress of work, you are requested to coordinate all matters associated therewith with the Base Maintenance and Repair Division, Marine Corps Base, Camp Lejeune, North Carolina, telephone Jacksonville 346-2111, extension 7-5855.

Sincerely yours,

**J. P. SABELLA
Attorney-Advisor**

From: Base Maintenance Officer

Subj: Installation of poles by Carolina Telephone and Telegraph Company

Encl: (1) CT&T ltr of 8 Jan 1963

1. There is no objection to installation of the poles as outlined in enclosure (1).

2. There is a water line approximately 50' from the site and has been staked, however, if the Carolina Telephone and Telegraph Company should desire to check with our people, they should contact the Maintenance and Repair Division, telephone 7-5855.

JOE EVERETT

Place Three Poles at Entrance
to Tarawa Terrace No. Two

CAROLINA TELEPHONE AND TELEGRAPH CO.

New Bern, N. C.

January 8, 1963 JHS

Commanding General
Marine Corps Base
Camp Lejeune, North Carolina

Attention: Mr. J. P. Sabella

Dear Sir:

Attached are three prints showing the proposed location of three 25 foot poles on Government property near the intersection of N. C. Highway 24 and Tarawa Boulevard, entrance to Tarawa Terrace No. Two at Jacksonville, North Carolina.

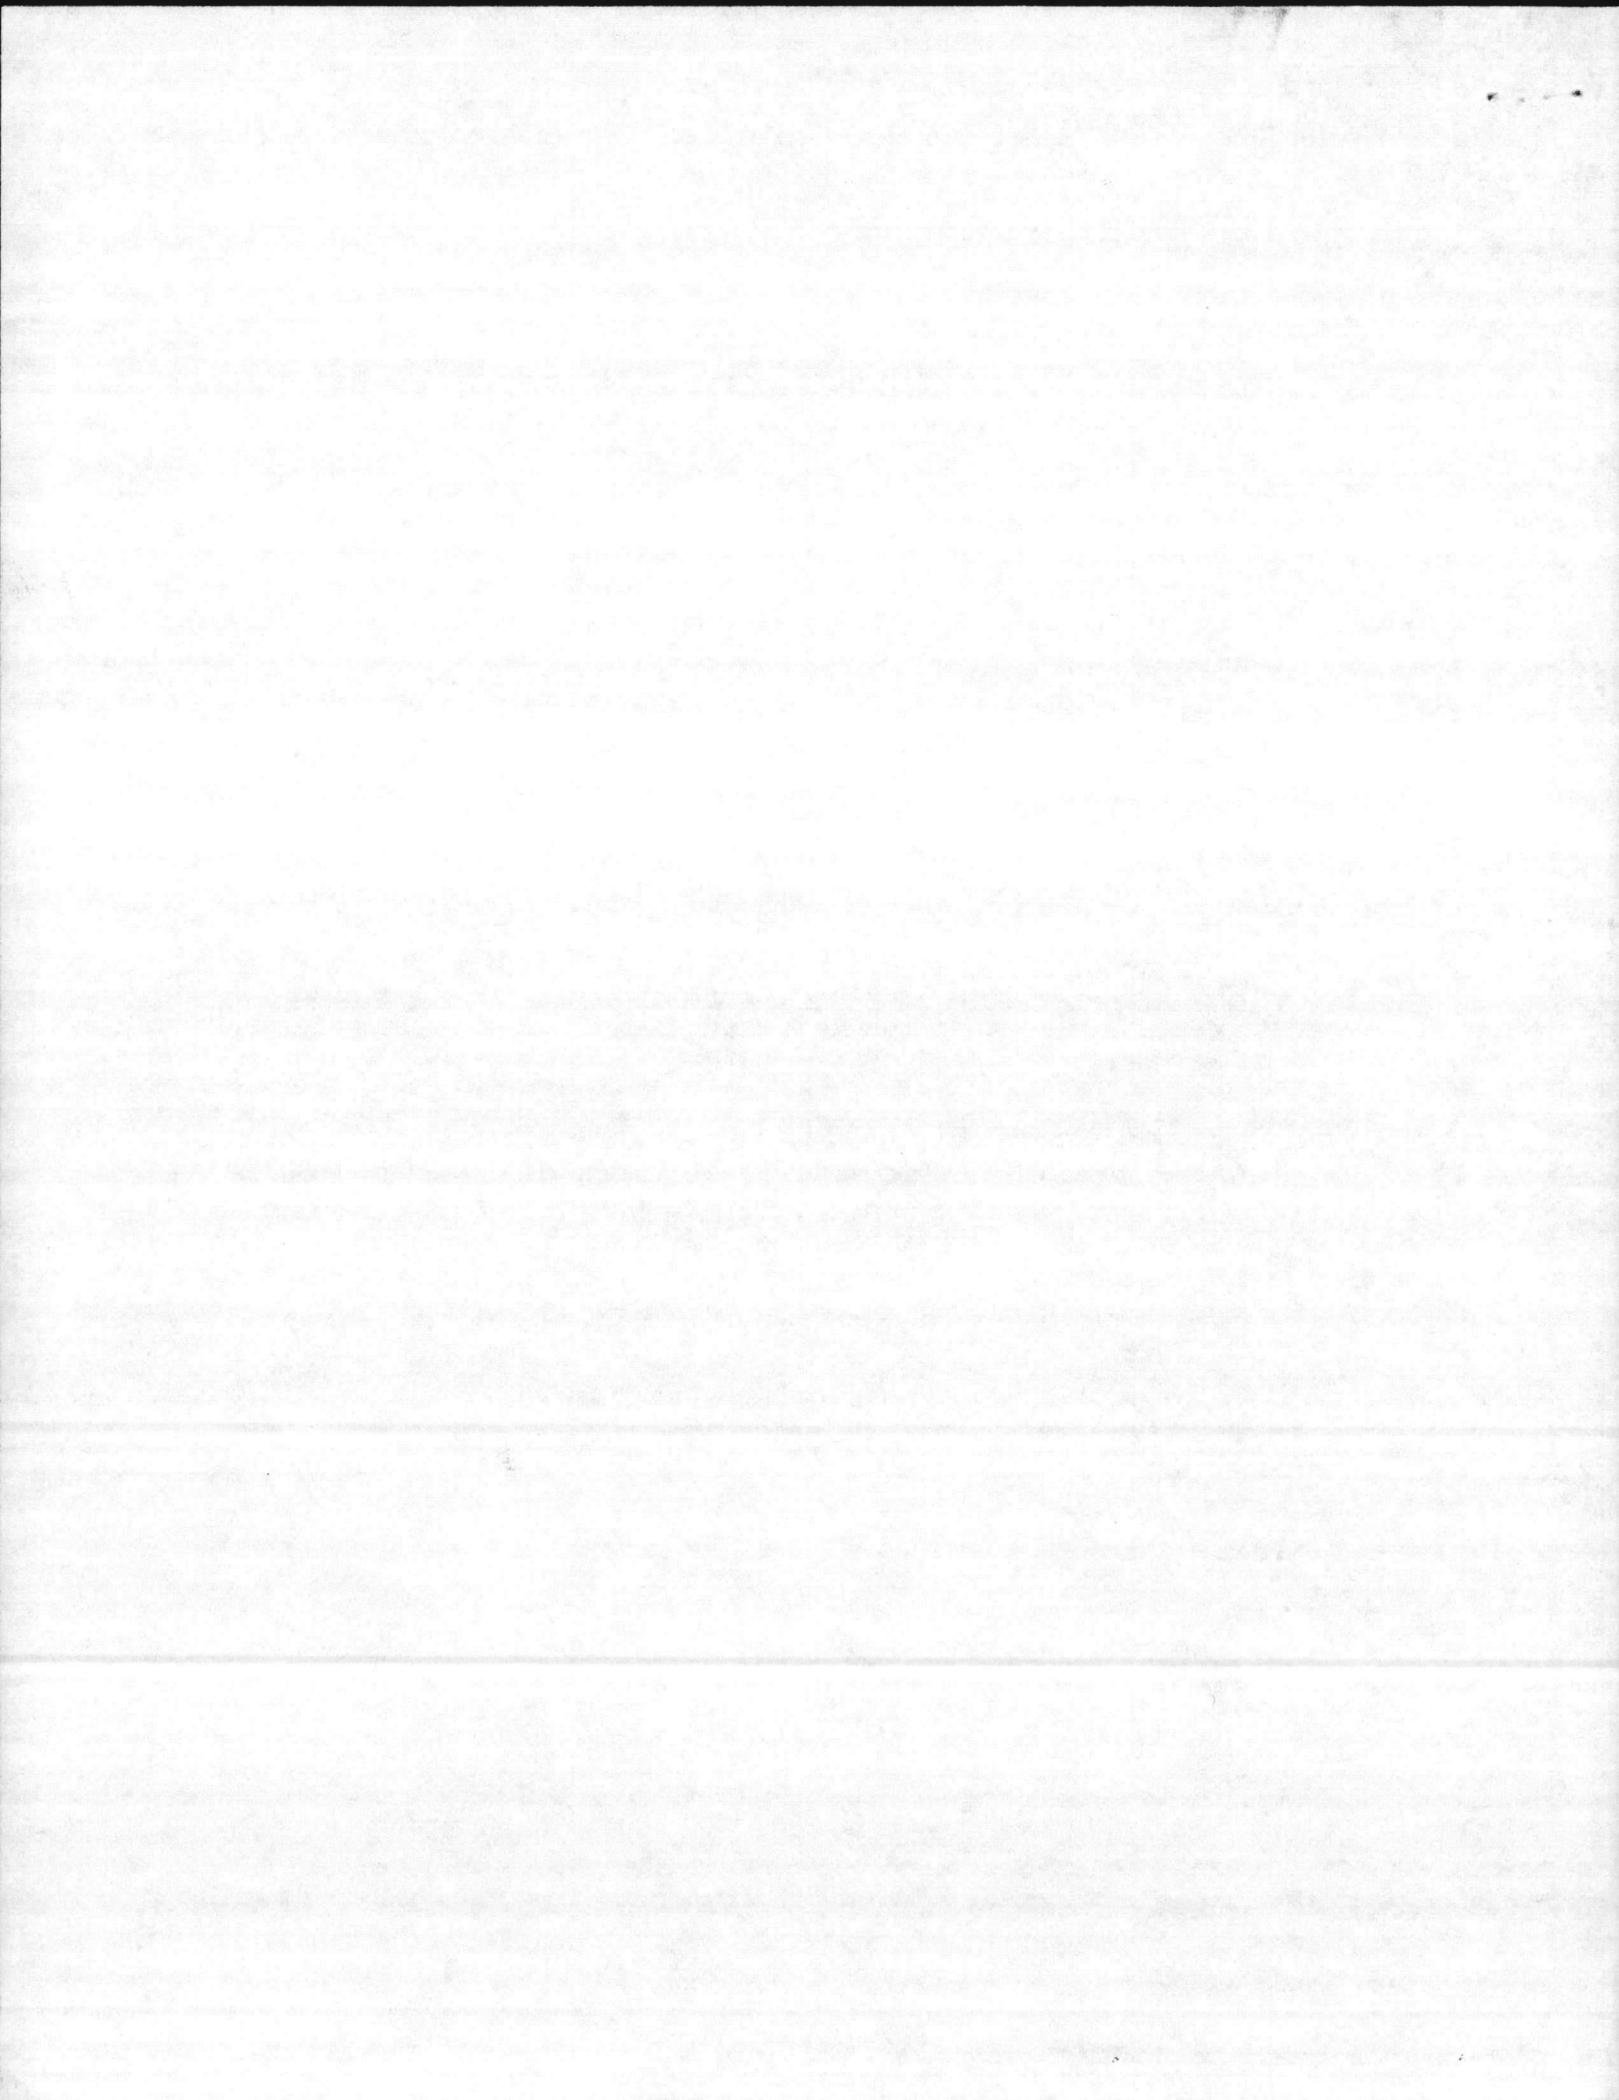

These poles will be used to support two equipment cabinets, approximately 51 inches high, 26 inches wide, and 16 inches deep, which will provide additional facilities in Tarawa Terrace by the line concentrator method.

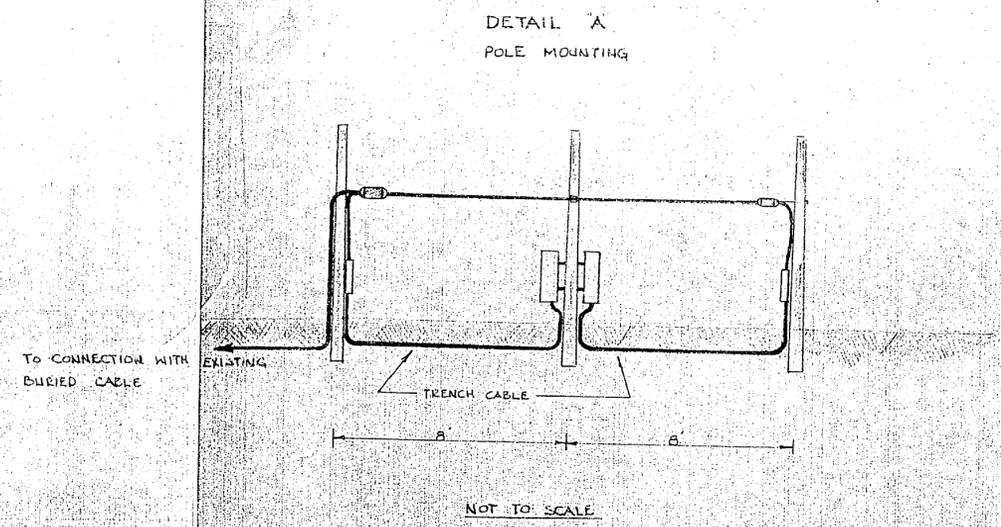

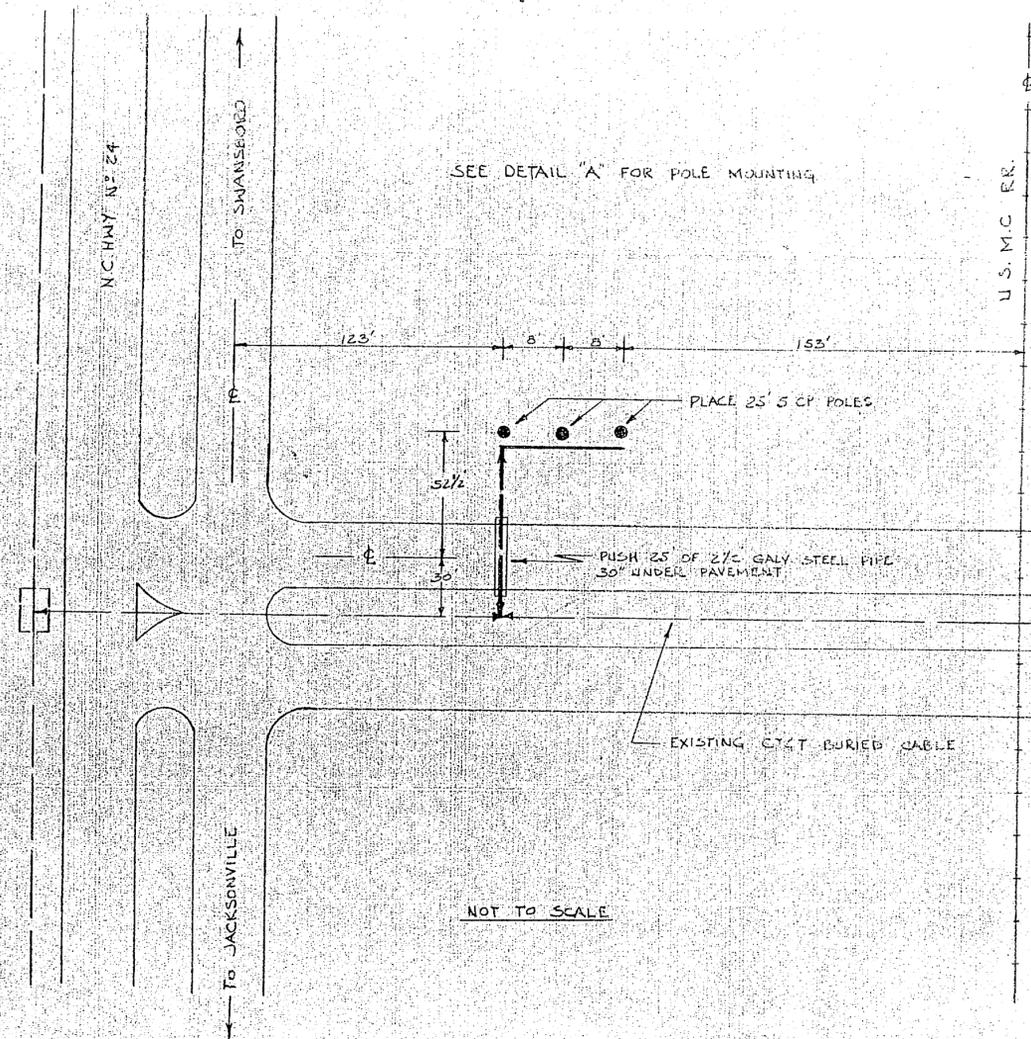

Permission is requested to make the installation as shown.

Yours very truly,

G. C. HEATH
District Engineer
