Mr. G. M. Sullivan, Jr.  
Division Engineer  
Carolina Telephone and Telegraph Company  
New Bern, North Carolina 28560

Dear Mr. Sullivan:

The Amendment to Grant of Easement NF(R)-14121, covering the construction and maintenance of cables and related facilities required to provide telephone service to the new 250 unit Turnkey Housing project under construction at Camp Lejeune, has been executed on behalf of the Government and an original is forwarded for your records.

After recordation, please furnish us with the deed book and page numbers.

Sincerely,

M. E. SPRUIELL  
Head, Operations Branch  
Real Estate Division  
By direction of the Commander

Mr. G. M. Sullivan, Jr.  
Division Engineer  
Carolina Telephone and Telegraph Company  
New Bern, North Carolina 28560

Dear Mr. Sullivan:

Enclosed is a copy of the proposed amendment to Grant of Easement NF(R)-14121 which will permit the construction and maintenance of cables and related facilities required to provide telephone service to the new 250 unit Turnkey Housing project under construction at Camp Lejeune.

Please advise if the proposed amendment is satisfactory so that continuing action can be taken to have the instrument executed on behalf of the Government. Thereafter, the signed original of a final draft will be forwarded for your records.

Sincerely,

M. L. SPRUILL

Subj: Review of Easement NF(R)-14121 to the Carolina Telephone and  
Telegraph Company

Ref: (a) LANTNAVFACENGCOM ltr 241:JLB over EO-189 dtd 30 Dec 1976

Encl: (1) Division Engineer, Carolina Telephone and Telegraph Co.,  
New Bern, N. C. ltr of 11 Feb 1977 to CG, MCB, CLNC  
(2) Drawing entitled Camp Lejeune, North Carolina FY-76 250  
Family Housing Units - Telephone Cables and Facilities  
Serving Unofficial Subscribers labeled as Exhibit "C",  
Sketch No. 341 (4 copies)

1. In reply to reference (a), enclosure (1) is forwarded requesting an amendment of the subject easement. Enclosure (2) indicates by green lines the proposed buried telephone cables to be specified in easement to be amended.
2. It is felt that the amendment is necessary to cover telephone cables and facilities required to provide telephone service for the new 250-unit housing project under construction at Berkeley Manor here at Camp Lejeune.
3. It is requested that Easement NF(R)-14121 be amended and a copy of the amended easement be forwarded to this Command as soon as possible.

New Bern, North Carolina  
February 11, 1977

Commanding General  
Marine Corps Base  
Camp LeJeune, North Carolina 28542

Dear Sir:

Re: Grant of Easement  
NF(R)-14121

This is to request an amendment to the Grant of Easement NF(R)-14121 between the United States Government and Carolina Telephone and Telegraph Company. This is a fifty (50) year easement dated December 27, 1971, and covers telephone cables and facilities serving unofficial subscribers on Marine Corps Base, Camp LeJeune, North Carolina. The amendment is necessary to include the construction, installation, operation, and maintenance of cables and related facilities required to provide telephone service in the new 250 unit Turnkey housing project under construction off Stone Street on Camp LeJeune.

Enclosed are eight (8) copies of a drawing showing the new housing area labeled exhibit "C" that should be made part of the original easement which now contains exhibits "A" and "B". Exhibit "C" will also become sheet 3 of 3. The route of the proposed buried telephone cables is delineated by a green line as specified in the easement to be amended. The proposed facilities are within the confines of the housing area and generally follow the route of the new power and CATV cables.

Your earliest consideration and approval of this amendment would be appreciated. If any additional information is desired, please advise.

Yours very truly,

G. M. Sullivan, Jr.  
Division Engineer
