AIR STATION (HELICOPTER) ORDER 1500.5

From: Commanding Officer
To: Distribution List

Subj: Fire Prevention Training

Ref: (a) COMLANTNAVFACENGCOM ltr 408:EPT 11320/New River dtd Jun 1977

1. Purpose. To establish a program for training and educating OICs and NCOICs concerning Fire Protection and Fire Prevention deficiencies aboard the New River Air Station.
2. Background. In a recent Fire Protection Engineering Survey the grading of "Poor" was assigned to the New River Air Station due to "An overall disregard of the basic rudiments of fire prevention and protection". The grading was previously "Good". To help improve the safety of personnel and to prevent property damage, a monthly educational program will be presented to OICs and NCOICs of all commands.
3. Action
 - a. Classes will be held on the first Monday of each month effective 3 April 1978 from 1300-1600 at the Training Building 312, Room 7. The Safety Specialist will be responsible for reserving the classroom and any other equipment needed to aid in the class.
 - b. The classes will be conducted by the Fire Prevention Office and the Station Safety Office.
 - c. To ensure that a reasonable number of personnel will attend, the following quotas are established:

H&HS	2
Det "A"	3
MAG-26	8
MAG-29	6
MATCS-28	1

These quotas are established for OICs and NCOICs. Other participants will be welcomed as guests. It is requested that a list of the person-
