BASE FOOD SERVICE MEMORANDUM 136-87

From: Base Food Service Operations Officer  
To: Distribution List

Subj: USE OF "RUBBERMAID" STYLE TRASH CANS

Ref: (a) BFSMemo 24-87  
(b) Mtg btwn WO JAROUSSE, BFSOO and Chief MARTIN on 28 Aug 87

1. As per the references, the only authorized use for the "Rubbermaid" style trash cans is at the end of the Somat or Hobart waste pulpers. That was the reason Base Food Service only issued a limited amount to the messhalls.
2. Use in salad rooms, storerooms, heads, etc. is unauthorized and is a definite fire hazard. Using these trash cans in unauthorized areas will result in the fire marshall prohibiting their use in the messhalls.
