ORGANIZATION INSTRUCTIONS

1. In case of fire in this building, the following procedures will be carried out. The person discovering the fire will give the alarm verbally and immediately call Base Fire Department, extension 911. Give name, building number, location and type of fire. All other personnel will depart the building by the most expedient means and muster in the area indicated in front of the building. Someone will be designated to direct the Fire Department to the scene of the fire. If time permits, close all windows, turn off lights, and shut doors.
