Ms. Julie Moore
Protection Planner
Natural Heritage Program
Division of Parks and
Recreation
512 North Salisbury Street
Raleigh, North Carolina 27611

Dear Ms. Moore:

This responds to your letter of 22 June 1987 relative to the North Carolina Natural Heritage Program periodic monitoring of registered natural areas. The enclosed questionnaires for the Longleaf Pine Natural Area, and the Wallace Creek Natural Area at Camp Lejeune, have been completed as you requested.

The completed questionnaires are forwarded for your use concerning both of the natural areas, with a standing invitation to visit the base anytime you are in the area.

Sincerely,

JULIAN I. WOOTEN
Director, Natural Resources Division
By direction of the Commanding General

Are you receiving our quarterly mailings of the Natural Heritage Program Newsletter?

Yes No

What kinds of information could be included that would be helpful to you, particularly in regard to your natural area?

Complete list of plant species present in the ecosystem of this Natural Area.

Have there been any recent changes in the ownership of the natural area or do you foresee any changes in ownership in the near future?

Yes No

Are there any changes in the condition of the land? For example, is the land being used differently now or is the neighboring land being used differently?

Yes No

Please describe the change:

Are you experiencing any problems on the natural area that may be harming it?

No problems at the present time.

Litter	_____	Vandalism	_____
Overuse	_____	Off-Road Vehicles	_____
Fire	_____	Erosion	_____
Exotic Species	_____	Flooding	_____
Disease/Infestation	_____	Siltation	_____
Timber Theft	_____	Safety Hazards	_____
Trespass	_____		

Please describe the problem.

N/A

Did the natural area receive any visits in the last year by community organizations, school groups, or individuals interested in the natural history of the land?

Yes No

Dear Mr. ~~Wooten~~ ^{Julian} Wooten:

Since its establishment in 1976, the North Carolina Natural Heritage Program has endeavored to protect our State's imperiled natural diversity. As the owner of a registered natural heritage area, your agency is helping to preserve North Carolina's endangered plant and animal species for the benefit of present and future generations, and we appreciate your interest and assistance.

As our newsletter indicates, the program's inventory and protection efforts have continued to be successful. To date, over 200 natural areas, both publicly and privately owned, have been registered. Many others have been identified as worthy of registration due to their biological significance.

In addition to identifying new areas, the Natural Heritage Program periodically monitors existing registered areas. The enclosed questionnaire covers a variety of subjects related to the status of your natural area. We appreciate your taking the time to complete the form in as much detail as possible. Do not hesitate to provide additional information or to request information from us. Please alert us if there is any way in which we can help you protect and, if needed, manage your natural area.

Thank you for your participation in the North Carolina Registry of Natural Heritage Areas and for your ongoing commitment to conserving North Carolina's natural heritage.

Sincerely,

Julie

Small handwritten marks and characters in the top right corner.

Faint, mirrored text visible through the paper, likely bleed-through from the reverse side. The text is illegible but appears to include words like "General" and "The Board".
