Encl: (1) Aerial Photo Reproduction Depicting F-3 Range

1. As per the reference, the enclosure is submitted for your information.
2. During a recent training requirement meeting between 2d Marine Division and Natural Resources and Environmental Affairs Branch personnel, it was noted that a possible safety hazard exist when live firing occurs on the subject range. Unlike the Camp Lejeune special training map, the enclosure depicts the direction of the F-3 Range to be toward Lyman Road. The original aerial photo is on file at the Natural Resources and Environmental Affairs office, if needed for review.
2. Point of contact is Mr. Julian Wooten, extension 2093.
