

UNITED STATES MARINE CORPS  
MARINE CORPS AIR STATION  
(HELICOPTER)  
NEW RIVER, JACKSONVILLE  
NORTH CAROLINA 28545

204:MEM:cbm  
3000  
28 Apr 1980

From: Commanding Officer  
To: Commanding Officer, Marine Aircraft Group 26  
Subj: Identification of Hazardous Material for Disposal  
Ref: (a) <sup>Y</sup><sub>A</sub> Group Supply Officer's memo of 24 May 1979

1. The reference identified hazardous material on hand awaiting disposition. Camp Lejeune is attempting to establish appropriate disposal procedures; thus, update information is necessary.
2. It is requested that this command be advised (Attn: Ground Safety Specialist) of quantities and location of materials currently on hand. While awaiting disposition instructions, it is imperative that these materials be separated and identified, and under no circumstances should materials be intermixed. A response is requested by 9 May 1980. Point of contact is Mary MILLIS, Station Safety Specialist, telephone 6281/6068.

River (S-4)

Subj: Identification of Hazardous Material for Disposal

Ref: (a) CO, MCAS (H) NR ltr 204:MEM:CBM 3000 of 28 Apr 1980

1. In accordance with the instruction contained in the reference,  
the following report is submitted:

QUANTITY

LOCATION

One-Half (1/2) 55 Gal Drum  
(Mixture of amonia based  
stripper, Lacquer paint,  
Lacquer thinner, Enamel paint  
and Enamel thinner)

Hangar 4106

2. Eight 55 Gal Drums of like material previously turned-in to  
Station for disposal.

3. It is requested that this command be provided with sufficient  
containers for the storage of waste material until at such time  
appropriate disposal procedures are established.
