Subj: ROAD RECONDITIONING FOR GP-27

Encl: (1) Map of Area

1. It is requested that heavy equipment support be provided to recondition the roads to Gun Position 27. The roads that need to be reworked are currently not passable due to poor drainage.
2. The road running parallel with Sneads Ferry Road from Camp Site II, Road and the entrance to GP-27 need to be drained and filled to avoid any further build up of swamp or water.
3. Point of contact is 1stLt R.C. GRAHAM, Project Officer, 451-3065.

Re: (1) Map of Area

1. It is requested that heavy equipment support be provided to recondition the roads to GP-27. The roads listed on the map are currently not passable due to poor drainage.

2. The road training parallel with roads 1 and 2 on the map is in poor condition and needs to be graded and filled in. The area between GP-27 and the road training should be graded and filled in.

3. Point of contact is Lt. Col. G. W. BROWN, Project Officer, 432-2222.
