From: Head, Facilities Management Department
To: Infection Surviellance Officer

Subj: USE OF HOSPITAL INCINERATOR BY BRYNN MARR HOSPITAL

1. I have no difficulties with the subject proposal. I have spoken with Pat Manning (Fiscal) concerning an interservice support agreement and Fiscal needs exact requirements from us in order to prepare a complete contract. My requirements are:

- a. Materials will be incinerated on Tuesdays only at 10:00 in the morning.
 - b. Only three (3) boxes of confidential material and one (1) box of hazardous material can be incinerated per Tuesday visit.
 - c. Materials must be handled completely by Brynn Marr Hospital personnel.
2. Please prepare your requirements (i.e. what is a JCAH approved contained) and forward them along with mine to Fiscal.
3. Please call if you have any questions.

E. NEAL GRAHAM
