| 10. DESCRIPTION OF PROPOSED CONSTRUCTION Provide a one-story masonry building with brick veneer on concrete foundation, interior walls masonry plastered; built-up roof over insulation; air-conditioning and steam heat from central heating plant. Provide areas to prepare and serve fast foods, soft drinks and beer; bathrooms, storage area, game area and TV room. Provide telephones and telephone switching equipment, utilities connected along with site improvements. | | | | | | |
| 11. *REQUIREMENTS: <u>24,000 SF</u> ADEQUATE: <u>0</u> SUBSTANDARD: <u>6,596</u> | | | | | | |
| *PROJECT: Construct an Enlisted Club in the Courthouse Bay area. | | | | | | |
| <u>REQUIREMENT:</u> The facility will be utilized by E-1 through E-5 enlisted men in the Courthouse Bay area. | | | | | | |
| <u>CURRENT SITUATION:</u> Building BB-54 has inadequate utilities and is divided into several small areas with a hallway that takes up space and serves no useful purpose. This building was built in 1946 and is inadequate. | | | | | | |
| <u>IMPACT IF NOT PROVIDED:</u> Continued use of existing inadequate facility with detrimental affect on morale of young enlisted personnel. | | | | | | |
| *NAVFAC P-80 as an alternative, allows the Command to eliminate Category Code 740-69, and provide a combined club facility for enlisted grades E-1 through E-5 utilizing Category Code 740-63. The space requirements are based on the combined allowances for Category Code 740-63 and 740-66. | | | | | | |

SPECIAL CONSIDERATIONS

1. Pollution Prevention, Abatement and Control: This project will not cause additional air or water pollution.
2. Flood Hazard Evaluation: Requirements of Executive Order No. 11296 (Flood Hazards) are not applicable.
3. Environmental Impact: An Environmental Impact Assessment (EIA) will be written and processed through the local EIA Review Board. No adverse environmental impact is anticipated.
4. Fallout Shelter Construction: Fallout shelter protection is not incorporated in this project.
5. Design for Accessibility of Physically Handicapped Personnel: Provisions for physically handicapped personnel will be incorporated in this project.
6. Use of Air Conditioning: Ceiling "U" factors will be made to conform with DOD 4270.1-M.
7. Preservation of Historical Sites and Structures: This project does not directly or indirectly affect a district, site, building, structure, object, or setting which is listed in the National Register or otherwise possess a significant quality of American history.
8. "New Start" Criteria for Commercial or Industrial Activities Program (OMB Circular A-76): Not applicable.

FACILITY STUDY

1. Project: Provides club facilities for enlisted personnel housed in the Courthouse Bay Area.

2. Current and Planned Future workload with Regard to this Project: The facility will be utilized by E-1 through E-5 enlisted men seven days a week. The duration of need for this facility is indefinite.

3. Description of Proposed Construction:

a. Type of Construction: One story masonry buildings with brick veneer on concrete foundation; concrete floor with asphalt tile covering; interior walls masonry plastered; built-up roof over insulation; air-conditioning and steam heat with central plant. Also provided are areas to prepare and serve fast food, soft drinks, beer; bathrooms, storage areas, game area and TV room. Telephones and telephone switching equipment, utilities connected along with site improvements.

b. Replacement: The existing Enlisted Club, BB-54, will be utilized until this project is completed.

c. Description of Work to be Done:

(1) Primary Facility - Air conditioning, fire protection system and special foundation.

(2) Energy Conservation - This facility will utilize energy efficient equipment, insulation and building orientation for maximum energy conservation.

(3) Collateral Equipment - See enclosure (1)

(4) Supporting Facilities - Pile foundation, pollution abatement, site improvements, etc.

4. Cost Estimates: Area cost factor for Camp Lejeune, NC is 0.86, DOD 4270-I-G, Military Construction Cost Review Guide. Cost data determined from Historical Military Construction Cost Engineering Data (P-438).

5. Justification for Project and Scope of Project:

a. Justification for Project:

(1) Project - Proposed facility will provide a club facility for use by enlisted men assigned to the Courthouse Bay Area.

4. PROJECT TITLE

ENLISTED CLUB, COURTHOUSE BAY

5. PROJECT NUMBER

P-836

5. Justification for Project and Scope of Project: (cont'd)

a. Justification for Project:

(2) Requirement - The facility will be utilized by E-1 through E-5 enlisted men assigned to the Courthouse Bay Area.

(3) Current Situation - Authorized personnel use an existing inadequate facility that was built in 1946, with inadequate utilities.

(4) Impact if not Provided - Personnel will continue to utilize a facility which is inadequate in size and quality.

b. Justification of Scope of Project: The project scope of 6,300 SF is the minimum size facility that can meet the deficiency requirement for space, Category Code 740-63. This will correct the deficiency in the Courthouse Bay Area.

6. Equipment Provided from other Appropriations: Not applicable.

7. Common Support Facilities: Not applicable.

8. Effect on other Resources: The project will require approximately \$1,867 per year in increased O&MMC funds for increased utility services and operations. No additional personnel will be required to operate this facility. This project will enhance and improve the morale of personnel. Proposed construction shall be responsive to the challenges presented by the energy situation, and comply with the requirements of Executive Order 12003 of 20 July 1977 and implemented by NAVFACINST 4100.5A, Design Criteria for Energy Conservation.

UTILITY REQUIREMENTS

a. Electricity:

| | | |
|----------------|--------|----|
| Consumption | 38,961 | KW |
| Peak Demand | 25 | KW |
| Average Demand | 23 | KW |

b. Steam:

| | | |
|-------------|---------|--------|
| Consumption | 212,860 | lbs/yr |
| Demand | 193 | lbs/yr |

c. Coal: 18 tons/yr

d. Adequate utility requirements are available.

- 9. Siting of the Project: See enclosure (2).
- 10. Other Graphic Presentations, Including Photographs: None.
- 11. Economic Analysis: The facility is being constructed in a developed area of the Base and the economic saving will be in nominal energy consumption savings to be realized from efficient operations. This is a Nonappropriated Fund Project.
- 12. Environmental Impact: An Environmental Impact Assessment (EIA) will be written and processed through the local EIA Review Board. No adverse environmental impact is anticipated.
- 13. Quantitative Data: NAVFAC P-80, allows the elimination of Category Code 740-69 and the space allocation of the aforementioned to be combined with Category Code 740-63.
 - a. UNIT OF MEASURE: SQUARE FEET
 - b. TOTAL REQUIREMENT: 24,000 SQUARE FEET
 - c. EXISTING SUBSTANDARD: 6,596 SQUARE FEET
 - d. EXISTING INADEQUATE: 0 SQUARE FEET
 - e. EXISTING ADEQUATE: 0 SQUARE FEET
 - f. OTHER ASSETS, NOT IN INVENTORY: 0 SQUARE FEET
 - g. FUNDED, NOT IN INVENTORY: 0
 - h. ADEQUATE ASSETS (e + f + g): 0 SQUARE FEET
 - i. DEFICIENCY (b - h): 24,000 SQUARE FEET
 - TOTAL REQUIREMENT: = 24,000 SQUARE FEET
 - ADEQUATE ASSETS: = 0 SQUARE FEET
 - TOTAL DEFICIENCY: 24,000 SQUARE FEET
- 14. Maintenance Facilities: Not applicable.
- 15. Morale, Welfare and Recreation Facilities: NAVFAC P-80 states that the requirement for Category Code 740-63 and 740-69 Enlisted Men's Club, is determined by a space allowance format based on military strength. The following allowance based on the FSR dated January 1984:

CATEGORY CODE 740-63 Enlisted Men's Club E-1/E-3 Military Strength at Courthouse Bay: 1,613 PN

Percentage of Enlisted Grades by Rank are as follows:

E-1/E-3: 61%
E-4/E-5: 26%
E-6/E-9: 13%

EAF from Table 740-66B = 1.00 (more than 30 miles to the nearest Metropolitan Center with a population of 100,000 or more).

|---------------------------------------------------|----------------------------|

15. Morale, Welfare and Recreation Facilities: (cont'd)

1,613 enlisted PN x .61 x 1.00 = 984 PN
 Table 740-63 allows 10,000 SF for 501 to 1,000 PN
 Total Requirement: 10,000 SF

CATEGORY CODE 740-69: NCO Club E-4/E-5 Military Strength at Court-
 house Bay: 1,613 PN

Percentage of Enlisted Grades by Rank as follows:

- E-1/E-3: 61%
- E-4/E-5: 26%
- E-6/E-9: 13%

Percentages of Married Enlisted Personnel by Rank are as follows:

- E-1/E-3: 24%
- E-4/E-5: 36%
- E-6/E-9: 40%

NAVFAC P-80, Table 740-66A, defines population as the number of active duty NCO's in the respective group, plus 50% of their spouses and 50% of retired military personnel in that group. Retired personnel are not considered in this area.

Enlisted Strength: 1,613 PN x 26% = 419.38 (say 419) E-4/E-5
 Spouses: 1,196 x 26% x 36% x 50% = 55.97 (say 56) spouses

TOTAL POPULATION: = 475.35 (say 475)

Table 740-66B gives a factor (EAF) of 1.0.
 The total requirement for this category is: 14,000 SF x 1.0 = 14,000 SF

CATEGORY CODE 740-63: 10,000 SQUARE FEET
 CATEGORY CODE 740-69: 14,000 SQUARE FEET
 TOTAL REQUIREMENT: 24,000 SQUARE FEET

16. Relocation Facilities: Not applicable.

17. Storage Facilities: Not applicable.

Blank lined paper with a header section containing faint text and a small box on the left side.

Faint header text, possibly a title or date.

Faint text within the left-side box, possibly a label.

18. Hazards Identification, Assessment and Analysis: There does not appear to be any known hazards to be identified with this facility. However, system safety engineering and management programs will be used to ensure that the highest possible degree of safety and occupational health is designed into this facility.
