SUMMARY OF CONVERSATION

Diane Factor, Stem manager, verified that NSN 4510 00 273 1218 was consolidated with NSN 4510 00 273 1219 April 5, 1982. She could not give me the reason but connected me with Mark Cutler (Supply Technician). Mark said the action was taken due to information from the Army and the Air Force that the NSN's were inter-changeable. I asked Mark to look in the Sepaur Catalog which he did and agreed that the two items are in fact not inter-changeable. He said that since NSN 4510-00-273-1218 had been canceled by all branches he could not reinstate. I then asked him to give us an open purchase status for NSN
