**IMPORTANT INFORMATION**

**Death within 31 days.**—Under certain conditions, life insurance is payable if death occurs within 31 days after an employee's group insurance terminates even though the employee has not applied for conversion. If death occurs within this period, further information concerning possible benefits should be obtained from the agency named in item 12, above.

**Continuation of insurance while receiving Federal Employees' Compensation.**—See back of this page.

**Conversion to an individual policy.**—See back of this page.

**If you are retiring,** your Basic Life insurance (but not accidental death and dismemberment coverage) may be continued if: (a) you

retire on an immediate annuity, (b) you do not convert to an individual policy, and (c) you have had it for the 5 years immediately preceding retirement (or, if less than 5 years, since your first opportunity). Generally, any optional insurance you have may be continued if you continue your Basic Life insurance and you have had the option for the 5 years immediately preceding retirement (or, if less than 5 years, since your first opportunity). If you want to continue your Basic Life insurance, complete SF 2818 to elect the type of reduction in coverage that will occur when you reach age 65 (or when you retire if you are already 65). See Standard Form 2818, "Election of Post-Retirement Basic Life Insurance Coverage," for details about continuing life insurance coverage into retirement.
