MEMORANDUM FOR THE COMMANDING GENERAL
CHIEF OF STAFF

Subj: EAST COAST REGIONAL REVIEW BOARD MEETING

1. I announced a meeting of the East Coast Regional Working Group meeting and solicited topics in preparation for a meeting of the East Coast Regional Review Board, tentatively planned for mid-April time frame. Quantico has submitted the following topics:

- Stafford County Land Use Plan
- Prince William Forest Park Swap Initiative
- Stafford County Smith Lake Expansion
- Open Burning/Open Detonation (OB/OD)
- Lead Contamination at Rifle Range

We have received no other topics.

2. Several of the commands have suggested the meeting be delayed due to the current operations in SWA. I concur and recommend the Board meeting be delayed. The next regularly scheduled meeting would be October-November time frame.

Very respectfully,

B. W. ELSTON
