Memorandum for the Record

From: Ms. Betz, Quality Control Lab., Environmental Section, NREAS, MaintDiv

Subj: Rifle Range Water Treatment Plant Sampling on 19 April 1982

1. On 16 April 1982, Dave Goodwin of Lant Div called and requested another re-sampling of Rifle Range Water Treatment Plant and its three wells. He wanted two-gallons of each so some could be sent to Jennings and some could be sent to NESCO, to check Jennings.

2. On 19 April 1982, Bob Lachapelle and Elisabeth Betz, of this Lab, went out to The Rifle Range to collect the samples. Two 1 gallon jars (new) were filled at each sample point. Below is a list of sample locations and the time of collections:

Point	Time
RR-85 Water Treatment Plant - Finished Water Tap	1035
RR-47 Raw Water Well	1040
RR-45 Raw Water Well	1049
RR-97 Raw Water Well	1055

3. On 23 April 1982, the samples, along with oil samples and a soil sample, were delivered to PP&P for packaging with proper paper work prepared by Rita Hise and Freight Traffic (Forms DD1348-1 and MCBGL 4030). They are to be shipped by Freight Traffic and received by Lant Div by 28 April 1982.
