RE: Well Site Proposals
USMCB Camp Lejeune

Dear Sir:

I visited the USMCB at Camp Lejeune with Mr. G.S. Johnson et al. on June 28, 1985 to re-evaluate the proposed well sites involved in the Holcomb Blvd. water treatment plant expansion contract.

The sites have been or will be re-designated to be in accordance with the NC Rules governing public water supplies and my letter of May 13, 1985.

As usual, final approval of the wells will be issued by the Engineering Planning Branch of this office based on the results of previously enumerated data.

Thanks for your continued cooperation. If you have any questions or need additional information, please contact this office.

Sincerely,

J. Fred Hill
Water Plant Consultant
