b. The American Bar Association's Commentary to its Code of Judicial Conduct states that it is inappropriate for a judge to hold membership in any organization that invidiously discriminates on the basis of race, sex, or religion, or national origin. Indicate whether any of these organizations listed in response to 11a above currently discriminate or formerly discriminated on the basis of race, sex, religion or national origin either through formal membership requirements or the practical implementation of membership policies. If so, describe any action you have taken to change these policies and practices.

To the best of my knowledge, none of the organizations listed above currently discriminates or formerly discriminated on the basis of sex, race, religion, or national origin through formal membership requirements or the practical implementation of membership policies. My understanding is that Brookside Golf & Country Club may have been a men's only club early in the twentieth century, but it no longer is.

- iv. whether you served as a mediator or arbitrator in alternative dispute resolution proceedings and, if so, a description of the 10 most significant matters with which you were involved in that capacity.

I have never served as a mediator or arbitrator in alternative dispute resolution proceedings.

- b. Describe:

- i. the general character of your law practice and indicate by date when its character has changed over the years.

During my time as an associate at Sidley Austin from 2013 to 2014, I was a member of the Intellectual Property group. My work focused heavily on appellate matters, though I did some trial work as well, mostly in cases relating to patents.

At Jones Day, where I was an associate from 2015 to 2019, I was a member of the Issues & Appeals group. My practice focused primarily on appellate work, though I also performed a substantial amount of work on motions practice in trial courts.

During my time with the Ohio Attorney General's Office from 2019 to 2023, I focused primarily on appellate matters, though I also oversaw the Opinion unit of the Attorney General's Office (which issues legal opinions to county prosecutors and state agencies) and participated in some trial-court litigation, almost always in suits involving challenges to federal policies.

During my time at Ashbrook Byrne Kresge Flowers LLC (which was known as

Ashbrook Byrne Flowers LLC until January 1, 2025) from 2023 to the present, I have developed a diverse practice in which I litigate at the trial and appellate levels and advise clients on legal matters.

- ii. your typical clients and the areas at each period of your legal career, if any, in which you have specialized.

During my time as an associate at Sidley Austin from 2013 to 2014, my work was dedicated almost entirely to patent litigation at the appellate and trial levels. My clients were typically large businesses, though I also performed some *pro bono* work.

At Jones Day from 2015 to 2019, I continued to perform work largely for large companies, though I did some *pro bono* work for individuals and occasionally did Supreme Court work for smaller entities or government bodies. I did not specialize in any subject matter.

As Solicitor General and Deputy Solicitor General of Ohio from 2019 to 2023, I represented the State of Ohio (including its agencies and political subdivisions), again without specializing in any subject matter.

Since returning to private practice in 2023, I have remained a generalist, litigating and advising on issues across a broad array of subject matters. While I have represented large companies in this role, the majority of my work is dedicated to smaller, closely held businesses or entities along with individuals.

- c. Describe the percentage of your practice that has been in litigation and whether you appeared in court frequently, occasionally, or not at all. If the frequency of your appearances in court varied, describe such variance, providing dates.

I have frequently appeared in court, including especially in appellate courts, where I have argued dozens of cases. The percentages below reflect an estimate regarding the percent of my work spent in courts and on matters across my legal career.

- i. Indicate the percentage of your practice in:

1.	federal courts:	59%
2.	state courts of record:	35%
3.	other courts:	0%
4.	administrative agencies:	1%

- ii. Indicate the percentage of your practice in:

1.	civil proceedings:	75%
2.	criminal proceedings:	25%

d. State the number of cases in courts of record, including cases before administrative law judges, you tried to verdict, judgment or final decision (rather than settled), indicating whether you were sole counsel, chief counsel, or associate counsel.

As primarily an appellate attorney, I have not served as sole or chief counsel in any case tried to verdict or judgment. In my role as Solicitor General, I represented the State of Ohio in federal district courts, including as counsel of record. Since my return to private practice, I have developed a trial practice and have litigated cases in federal and state trial courts in Ohio.

i. What percentage of these trials were:

- | | | |
|----|-----------|----|
| 1. | jury: | 0% |
| 2. | non-jury: | 0% |

e. Describe your practice, if any, before the Supreme Court of the United States. Supply copies of any briefs, amicus or otherwise, and, if applicable, any oral argument transcripts before the Supreme Court in connection with your practice.

I have done my best to identify and supply copies of all the briefs and oral argument transcripts that I have been able to access. I have not listed cases where I appeared on behalf of a party only to file a waiver of the party's right to respond to a petition for a writ of certiorari. Additionally, I have not included multistate amicus briefs authored or led by other States that Ohio joined while I was in the Ohio Attorney General's Office, unless I served as counsel of record or was listed as co-counsel.

I have served as counsel of record and presented oral argument on behalf of a party in the following cases before the Supreme Court:

17. **Litigation:** Describe the ten (10) most significant litigated matters which you personally handled, whether or not you were the attorney of record. Give the citations, if the cases were reported, and the docket number and date if unreported. Give a capsule summary of the substance of each case. Identify the party or parties whom you represented; describe in detail the

nature of your participation in the litigation and the final disposition of the case. Also state as to each case:

- a. the date of representation;
- b. the name of the court and the name of the judge or judges before whom the case was litigated; and
- c. the individual name, addresses, and telephone numbers of co-counsel and of principal counsel for each of the other parties.

1. *Youngstown City Sch. Dist. v. Ohio*, 161 Ohio St.3d 24 (2020) (Chief Justice O'Connor, Justices Kennedy, French, Fischer, DeWine, Donnelly, Stewart) (Representation: 2019 – 2020)

I briefed and argued this case before the Supreme Court of Ohio on behalf of the State of Ohio and the Ohio Department of Education. In so doing, I successfully defended a major education-reform bill against a state constitutional challenge. Among other things, the education-reform law subjected persistently failing school districts to the “operational, managerial, and instructional control” of a CEO appointed by an “academic-distress commission.” The challengers argued that the law was passed in violation of the Ohio Constitution’s three-consideration rule, which requires that all bills be read on three days in each house before being passed. Ohio Const., art. II, §15(C). The challengers further argued that the reform law violated Article VI, Section 3 of the Ohio Constitution, which empowers the State to regulate public schools, reserving to city school boards certain limited powers. The Supreme Court of Ohio rejected both arguments and upheld the law in full.

Cole, Judges Batchelder, Moore, Clay, Gibbons, Sutton, Griffin, Kethledge, White, Stranch, Donald, Thapar, Bush, Larsen, Nalbandian, Readler) (Representation: 2019 – 2021)

I briefed and orally argued this case before the *en banc* Sixth Circuit on behalf of the defendants-appellants. In this case, the Sixth Circuit rejected a constitutional challenge to an Ohio law prohibiting doctors from knowingly performing Down-syndrome selective abortions. The court held that the law did not violate the right to abortion that was then protected by *Planned Parenthood of Southeastern Pennsylvania v. Casey*, 505 U.S. 833 (1992). On that basis, it reversed a preliminary injunction the district court had issued. The plaintiffs-appellees did not appeal the decision further.

I briefed and presented oral argument before the en banc Sixth Circuit on behalf of Tim Shoop, Warden of the Chillicothe Correctional Institution. In this habeas case, we argued that a convicted murderer (Danny Hill) was not entitled to habeas relief based on his claim to have been intellectually disabled and thus ineligible for execution under *Atkins v. Virginia*, 536 U.S. 304 (2002). The Sixth Circuit agreed, and for that reason affirmed a district-court decision denying habeas relief to Hill. Hill later sought review in the Supreme Court of the United States. I filed a brief in opposition, and the Supreme Court declined to review his case.

(Representation: 2021 – 2022)

I represented Ohio and presented oral argument before the Supreme Court on behalf of a coalition of States (Alabama, Alaska, Arizona, Arkansas, Florida, Georgia, Idaho, Indiana, Iowa, Kansas, Kentucky, Louisiana, Mississippi, Missouri, Montana, Nebraska, New Hampshire, North Dakota, Ohio, Oklahoma, South Carolina, South Dakota, Tennessee, Texas, Utah, West Virginia and Wyoming). The coalition that I led sought and obtained a stay of the “vaccine mandate” that OSHA promulgated in late 2021. *COVID-19 Vaccination and Testing; Emergency Temporary Standard*, 86 Fed. Reg. 61402 (Nov. 5, 2021). The Court determined that OSHA exceeded its statutory authority in promulgating the rule. After determining that the equities justified a stay, the Court stayed the vaccine mandate.

5. *Shoop v. Twyford*, 596 U.S. 811 (2022) (Representation: 2020 – 2022).

I briefed and presented oral argument on behalf of Tim Shoop, Warden of the Chillicothe Correctional Institution. In this habeas case, we argued that the United States Court of Appeals for the Sixth Circuit erred by affirming a district court’s order compelling the

Warden to bring a convicted murderer (Raymond A. Twyford III) to The Ohio State Medical Center for neurological imaging. The district court purported to rely on the All Writs Act. The Supreme Court agreed with my argument and reversed the Sixth Circuit, holding that, because Twyford failed to show how the evidence he sought to uncover through imaging would be useful to his habeas case, the All Writs Act afforded the district court no power to order his transportation.

I represented Attorney General Dave Yost as an *amicus curiae*, both in briefing and at oral argument. I successfully urged the Supreme Court of Ohio to hold that courts are never required to defer to a state agency's interpretation of state law. This decision predated and presaged the Supreme Court of the United States' decision in *Loper Bright Enterprises v. Raimondo*, 603 U.S. 369 (2024), which similarly held that federal courts are never required to defer to federal agencies' interpretations of federal law.

(Representation: 2021– 2023).

I briefed and argued this case before the Supreme Court on behalf of the Ohio National Guard, the Ohio Adjutant General, and the Ohio Adjutant General's Department. The case presented the question whether the Federal Labor Relations Authority had jurisdiction over alleged unfair labor practices by my clients. I persuaded the Supreme Court to hear the case notwithstanding the absence of a circuit split on the issue. Over a dissent from Justice Alito, the Supreme Court held that the Federal Labor Relations Authority had jurisdiction over the unfair practices alleged.

I briefed and presented oral argument before the *en banc* Sixth Circuit on behalf of Tim Shoop, Warden of the Chillicothe Correctional Institution. This case presented the question whether Danny Hill's second-in-time habeas petition was "second or

successive” and thus subject to exacting gatekeeping requirements of 28 U.S.C. §2244(b)(2). After a three-judge panel held that his petition was not second or successive, we sought and obtained en banc review. The en banc court held that the petition was second or successive and that Hill therefore had to meet the statutory gatekeeping requirements. It returned the case to the three-judge panel for the panel to decide whether those requirements were satisfied. After the en banc decision, I had no further involvement in this matter.

9. *Ohio v. Becerra*, 87 F.4th 759 (6th Cir. 2023) (Judges Moore, Thapar, and Larsen) (Representation: 2021 – 2023).

I briefed and orally argued this case before the Sixth Circuit on behalf of a coalition of States: Ohio, Alabama, Arkansas, Florida, Kansas, Kentucky, Missouri, Nebraska, Oklahoma, South Carolina, and West Virginia. Our appeal sought reversal of a district-court opinion denying a motion to preliminarily enjoin the U.S. Department of Health and Human Services’ 2021 rule governing the Title X program. That program funds family-planning projects but bars the use of Title X funds “in programs where abortion is a method of family planning.” 42 U.S.C. §300a-6. We argued that the 2021 rule violated Title X by, among other things, eliminating program-integrity requirements designed to keep Title X funds from being used in programs where abortion is a method of family planning. After the district court denied a motion to preliminarily enjoin the rule, we appealed. The Sixth Circuit partially reversed. It held that the States would likely prevail in showing that the 2021 rule’s elimination of program-integrity requirements was inconsistent with Title X. The Court reversed the denial of a preliminary injunction as to this part of the rule, enjoining its operation in Ohio. I litigated the initial request for a preliminary injunction in district court. Because I had returned to private practice by the time the decision issued, I had no further involvement with the case after the Sixth Circuit issued its decision.

10. *State ex rel. Oxford Fin. LLC v. Clary*, Case No. 2024-0406 (Ohio) (Chief Justice Kennedy, Justices Fischer, DeWine, Donnelly, Stewart, Brunner Deters) (Representation: 2024)

On behalf of Oxford Finance LLC, I filed this original action in the Supreme Court of Ohio, seeking a writ of prohibition and a peremptory writ. The writ was filed against a judge on the Cuyahoga County Court of Common Pleas, who entered an order barring Oxford Finance from enforcing a \$70 million loan in a receivership case. We contended that the trial court lacked jurisdiction to enter this order because Oxford Finance was not a party to the litigation and because the loan was not owed by the entity in receivership. The trial-court judge responded by vacating the entry barring Oxford Finance from enforcing the loan, and Oxford Finance dismissed the original action. In addition to representing Oxford Finance in the Supreme Court of Ohio, I represented it in connection with relevant trial-court proceedings.

18. **Legal Activities:** Describe the most significant legal activities you have pursued, including significant litigation which did not progress to trial or legal matters that did not involve litigation. Describe fully the nature of your participation in these activities. List any client(s) or organization(s) for whom you performed lobbying activities and describe the lobbying activities you performed on behalf of such client(s) or organizations(s). (Note: As to any facts requested in this question, please omit any information protected by the attorney-client privilege.)

Throughout my legal practice, I have counseled public and private clients on countless legal issues, frequently litigating in state and federal court. As Solicitor General of Ohio, I regularly represented the State, submitting briefs and making arguments in Ohio's most important cases before the Supreme Court of the United States, the Supreme Court of Ohio, and the United States Court of Appeals for the Sixth Circuit. In that role, I argued three cases before the Supreme Court of the United States and three before the *en banc* Sixth Circuit. Since returning to practice, I have counseled many individuals, businesses, and not-for-profit entities. And while I have continued my appellate practice, I have also developed a practice litigating trial cases for defendants and plaintiffs alike. I take particular pride in the cases my colleagues and I have litigated for closely held Ohio businesses. I have not performed lobbying activities.

19. **Teaching:** What courses have you taught? For each course, state the title, the institution at which you taught the course, the years in which you taught the course, and describe briefly the subject matter of the course and the major topics taught. If you have a syllabus of each course, provide copies to the committee.

During the Spring 2018, Autumn 2018, and Spring 2019 Semesters, I co-taught a class at the Moritz College of Law at The Ohio State University entitled "Appellate Practice IV." My co-instructor each term was then-Judge Jeffrey S. Sutton. The course instructed students on appellate advocacy and helped prepare them for moot court competitions. Syllabus from the 2018 – 2019 year supplied.

20. **Deferred Income/ Future Benefits:** List the sources, amounts and dates of all anticipated receipts from deferred income arrangements, stock, options, uncompleted contracts and other future benefits which you expect to derive from previous business relationships, professional services, firm memberships, former employers, clients or customers. Describe the arrangements you have made to be compensated in the future for any financial or business interest.

I am serving as an attorney on two contingency-fee matters. If confirmed, I will work with my

partners and co-counsel to divest myself of any ongoing interest in that litigation upon my taking the bench. I also expect to receive a return of capital in Ashbrook Byrne Kresge Flowers LLC.

As a general matter, if confirmed, I will reach an agreement with my partners to ensure that I have no continuing financial interest in any legal matters.

21. **Outside Commitments During Court Service:** Do you have any plans, commitments, or agreements to pursue outside employment, with or without compensation, during your service with the court? If so, explain.

No.

22. **Sources of Income:** List sources and amounts of all income received during the calendar year preceding your nomination and for the current calendar year, including all salaries, fees, dividends, interest, gifts, rents, royalties, licensing fees, honoraria, and other items exceeding \$500 or more (if you prefer to do so, copies of the financial disclosure report, required by the Ethics in Government Act of 1978, may be substituted here).

When my nomination is formally submitted to the Senate, I will file my Financial Disclosure Report and supplement this Questionnaire with a copy of that Report.

23. **Statement of Net Worth:** Please complete the attached financial net worth statement in detail (add schedules as called for).

See attached Net Worth Statement.

24. **Potential Conflicts of Interest:**

a. Identify the family members or other persons, parties, categories of litigation, and financial arrangements that are likely to present potential conflicts-of-interest when you first assume the position to which you have been nominated. Explain how you would address any such conflict if it were to arise.

Three categories of cases are most likely to present conflict issues.

First, a small number of conflicts could arise in cases related to my work in private practice. Conflicts could also arise in cases related to my work in the Ohio Attorney General's Office. If confirmed, I would recuse myself from any proceeding in which, as a government attorney, I participated as a counsel, adviser, or material witness or had expressed an opinion concerning the merits. *See* 28 U.S.C. § 455(b)(3). I would also recuse myself from any matter in which, during my time in private practice, either I or a lawyer with whom I was then practicing had participated. *See* 28 U.S.C. § 455(b)(2).

Second, I am counsel on two contingency-fee matters. Both are pending in state court and thus exceptionally unlikely to create conflicts, though I intend to divest myself of any interest in these matters before taking the bench. Regardless, I would recuse myself from

any matter in which I had a financial interest, or any other interest that could be substantially affected by the outcome of the proceeding. 28 U.S.C. § 455(b)(4).

Third, as my financial disclosure records will show, I own stock in Proctor & Gamble. I intend to divest myself of these and any other conflict-creating financial interests so as to prevent conflicts. Regardless, I would recuse myself from any matter in which I had a financial interest, or any other interest that could be substantially affected by the outcome of the proceeding. 28 U.S.C. § 455(b)(4).

I will evaluate any other real or potential conflict, or relationship that could give rise to appearance of conflict, on a case-by-case basis and determine appropriate action with the advice of parties and their counsel, including recusal where necessary.

b. Explain how you will resolve any potential conflict of interest, including the procedure you will follow in determining these areas of concern.

If confirmed, I would carefully review and address any potential conflicts of interest under the standards set forth in 28 U.S.C. § 455 and Canon 3C of the Code of Conduct for United States Judges, and any and all other laws, rules, and practices governing such circumstances. I would further consult any judicial decision or Judicial Conference opinions applying the rules to particular cases or circumstances.

25. **Pro Bono Work:** An ethical consideration under Canon 2 of the American Bar Association's Code of Professional Responsibility calls for "every lawyer, regardless of professional prominence or professional workload, to find some time to participate in serving the disadvantaged." Describe what you have done to fulfill these responsibilities, listing specific instances and the amount of time devoted to each.

Throughout my career, I have served the disadvantaged and engaged in other forms of public service. From 2019 to 2023, I served in the Ohio Attorney General's Office, where I worked alongside my colleagues to protect and defend the U.S. Constitution, the Ohio Constitution, and to defend the rule of law. Earlier in my career, I served the public as a judicial law clerk (2012 to 2013, and 2014 to 2015). I have also served as an adjunct law professor (from approximately 2018 to 2019).

During my time at Ashbrook Byrne Kresge Flowers, LLC, I have performed *pro bono* work. Two matters stand out. First, in 2026, I represented *pro bono* a public-school teacher in a dispute with the school district. We informed the district that it was not accommodating the teacher's religion. We resolved the dispute amicably, without litigation, and the matter took approximately five hours of work. In 2024, I represented *pro bono* Professor James Lindgren, filing an amicus brief on his behalf before the Supreme Court of the United States in *Trump v. Anderson*, No. 23-719 (U.S.). I spent approximately 18 hours on that matter. In addition to these matters, beginning in 2024, I have volunteered my time serving as a member of the Commission on the Rules of Superintendence for Ohio Courts.

I performed substantial *pro bono* work during my time at Jones Day. I argued three appeals *pro*

bono, dedicating what I would estimate to be more than 100 hours total between those cases. I also assisted other attorneys on their *pro bono* cases by, for example, reviewing their briefs or serving as a moot court judge. I also provided mentorship to younger attorneys through programs in which Jones Day was involved.

26. **Selection Process:**

a. Please describe your experience in the entire judicial selection process, from beginning to end (including the circumstances which led to your nomination and the interviews in which you participated). Is there a selection commission in your jurisdiction to recommend candidates for nomination to the federal courts? If so, please include that process in your description, as well as whether the commission recommended your nomination. List the dates of all interviews or communications you had with the White House staff or the Justice Department regarding this nomination. Do not include any contacts with Federal Bureau of Investigation personnel concerning your nomination.

There is no selection commission of which I am aware that had any involvement in this process.

When I learned that Chief Judge Sutton was taking senior status, on or about February 20, 2026, I contacted Senators Moreno and Husted expressing my interest in an appointment. Soon thereafter, the Senators' staff members contacted me to request materials and to schedule an interview.

On February 23, 2026, the White House Counsel's Office emailed me to say that I had been recommended as a candidate for Chief Judge Sutton's seat. In the same email, I was asked to provide dates on which I would be available for an interview. I responded the same day, and my interview was scheduled for March 4, 2026.

I interviewed virtually with both senators separately on February 27, 2026.

I interviewed with the White House Counsel's Office on March 4, 2026. Since then, I have been in contact with officials from the White House Counsel's Office and the Justice Department's Office of Legal Policy regarding the nomination.

On April 9, 2026, President Trump called to inform me that he had selected me for a nomination. I have continued to have contact with members of the White House Counsel's Office and the Justice Department's Office of Legal Policy regarding the nomination.

b. Has anyone involved in the process of selecting you as a judicial nominee discussed with you any currently pending or specific case, legal issue or question in a manner that could reasonably be interpreted as seeking any express or implied assurances concerning your position on such case, issue, or question? If so, explain fully.

No.
