Follow Up Calls from Spreadsheet Cont.

- Any rows that are highlighted YELLOW are Exposure Team. Highlighted BLUE are Travel Team. Illness section will NEVER return calls as Medical Staff are to follow up with those employees highlighted RED.
- Unless noted by Melanie Davis, Dr. Clarke, or another Medical Professional - previous employees who have been entered in the data sheet need to be checked on daily.
- Scroll to the first <u>YELLOW</u> or <u>BLUE</u> box you see, make sure there is no note by Melanie that restricts you from moving forward.
- Give that individual a call back and check on them. Ask if they have a moment to talk. Ask them how they are and if they are experiencing any symptoms?

Follow Up Call from Spreadsheet Cont.

- Input any information received into the "Follow Up Day #" column followed by your initials and the date which you followed up on and save.
- If an individual that you have called to follow up on is now experiencing symptoms, make note as you would stating such.
- Then proceed to ask the employee if they have a moment for you to fill out a new form for them now that they are experiencing some symptoms.
- Return to the "Enter Employee Data" tab.
- Fill out a new form and at the bottom of the form you will now click "Monitoring Needed" for "Illness" and Medical staff will be the ones to follow up on them since they are now ill.

Completed!

 Complete this process throughout the duration of your shift to ensure all calls are taken and all employees have been followed up with.
