Re: Endorsement of Honorable Judge Ed Artau

**To: Senator Chuck Grassley, Chair, U.S. Senate Judiciary Committee
Senator Dick Durbin, Ranking Member, U.S. Senate Judiciary Committee**

It is with great pleasure that I write this letter endorsing the nomination Judge Ed Artau to the United States District Court for the Southern District of Florida.

The Hispanic Vote of Palm Beach County, PAC is an advocacy group focused on promoting American values of blessings of liberty and justice for all within the Hispanic Community of Palm Beach County. We believe strongly in the principles contained in our amazing Constitution and the importance of a judiciary that reveres and respects the language contained within it. Most of our members are immigrants who left their country of birth to come to the United States legally to bask in the freedoms and personal protections enshrined in our Constitution. As immigrants from places of chaos, corruption, lawlessness, and injustice, we are keenly aware of the role that our Federal Courts play in protecting all citizens by strictly adhering to the personal freedoms guaranteed in the Constitution. We reject lawlessness in any form, including all forms of illegal immigration.

Judge Artau embodies the principles for which we stand. He has demonstrated that he is a wise jurist who will adhere to the language of the Constitution when interpreting the law. He is committed to judicial restraint and to following the rule of law in all his decisions. He is not just the embodiment of the American Dream, he will act as a strong protector of the Constitutional principles which will continue to guarantee the pursuit of the Dream for future generations for all Americans regardless of race, gender, or religious beliefs. Thank you very much for your consideration.

Sincerely,

JORGE C. GARRIDO, Chairman
