Re: Nomination of Kristine Baker
United States District Court for the Eastern District of Arkansas

I was most pleased to learn of President Obama's nomination of Kristine Baker to serve as a judge here in the Eastern District of Arkansas. I was also pleased to read of the bipartisan support you each have extended to her.

During my many years of practicing law, I have learned that shepherding a federal judgeship nomination through to a floor vote take a steady and adroit hand. I respectfully ask that you both continue in the admirable bipartisan spirit you have shown and help ensure that Ms. Baker received prompt consideration by the Senate. I stand ready to answer for you and the members of the Senate Judiciary Committee any questions about the bases for my unqualified support of Ms. Baker to serve in this important post.
