Re: Consideration of Ms. Sara A. Carter

Dear Chairman Grassley and Ranking Member Durbin:

On behalf of organizations, leaders, and citizens committed to protecting freedom and human dignity, I write to respectfully urge you to prioritize the consideration of Ms. Sara A. Carter to serve in her prospective role supporting national efforts against human trafficking.

Ms. Carter has a long and distinguished record of investigative journalism, advocacy, and service that demonstrates her unwavering commitment to exposing criminal networks, protecting vulnerable communities, and strengthening the rule of law. Her work has illuminated the devastating impact of human trafficking and transnational crime, while also highlighting solutions through collaboration with law enforcement, survivors, and policymakers.

In a time when criminal organizations continue to exploit children and families across our nation and beyond, it is essential that proven, principled, and courageous leaders like Ms. Carter are empowered to serve. Her experience provides her with a unique perspective on the urgent need for accountability, transparency, and effective strategies that unite federal, state, and local resources to combat exploitation.

For years, the United States has rightly led global efforts to fight human trafficking. However, the crisis persists, and leadership that combines vision with courage is urgently needed. Ms. Carter is well prepared to advance this mission, working alongside law enforcement and civil society to ensure that every survivor has a voice and every victim is protected.

For the benefit of our nation and the countless lives at stake, we respectfully urge you to give prompt and favorable consideration to Ms. Carter's appointment.

Sincerely,
