- b. Supply four (4) copies of any reports, memoranda or policy statements you prepared or contributed in the preparation of on behalf of any bar association, committee, conference, or organization of which you were or are a member. If you do not have a copy of a report, memorandum or policy statement, give the name and address of the organization that issued it, the date of the document, and a summary of its subject matter.

There are no such records and no such instances exist, to the best of my knowledge.

- c. Supply four (4) copies of any testimony, official statements or other communications relating, in whole or in part, to matters of public policy or legal interpretation, that you have issued or provided or that others presented on your behalf to public bodies or public officials.

To the best of my knowledge, no such specific records exist as the request is phrased, except as also interpreted as applicable to questions 12 a., d., or e., which are contained therein.

- d. Supply four (4) copies, transcripts or recordings of all speeches or talks delivered by you, including commencement speeches, remarks, lectures, panel discussions, conferences, political speeches, and question-and-answer sessions. Include the date and place where they were delivered, and readily available press reports about the speech or talk. If you do not have a copy of the speech or a transcript or recording of your remarks, give the name and address of the group before whom the speech was given, the date of the speech, and a summary of its subject matter. If you did not speak from a prepared text, furnish a copy of any outline or notes from which you spoke.

I have served as a Virginia state legislator for nearly twenty years and have served

in leadership positions for much of that time. As such, I have delivered thousands of remarks, speeches, floor and committee remarks, discussions and the like. The vast majority of such instances were delivered without notes and the time and substance is lost to time. For the countless political and legislative events (floor speeches, committee remarks, conventions, meetings, fundraisers, etc.) where I have delivered remarks, very formulaic in construction.

I frequently speak without notes or speak from a handwritten outline, and for any that were utilized, they were not retained in my personal files. Despite my searches, there may be other materials I have been unable to identify, find, or remember. However, I have done my best to identify and compile anything in existence on the internet that is responsive to this request. To that end, I have also employed a professional research firm to attempt to respond to this request as completely as possible. Attached below are the results of that extensive search:

- iv. whether you served as a mediator or arbitrator in alternative dispute resolution proceedings and, if so, a description of the 10 most significant matters with which you were involved in that capacity.

I have never served as a mediator or arbitrator.

- v. whether you have held any judicial office, including positions as an administrative law judge, on any U.S. federal, state, tribal, or local court and if so, please provide the name of the court, the jurisdiction of that court, whether the position was appointed or elected, and the dates of your service.

I have never served as a judge.

b. Describe:

- i. the general character of your law practice and indicate by date when its character has changed over the years.

I was a state prosecutor in four different jurisdictions for approximately fourteen years from 1997–2011. I then worked for a law firm from 2011–2014, primarily handling criminal cases and traffic cases, both retained and court-appointed. I also worked in the area of car dealer law under the supervision of an attorney in the firm and later handled such disputes between car dealers and manufacturers on my own for a short time. Since I left that firm in 2014, I have been in solo practice handling exclusively criminal and traffic cases, both retained and court-appointed.

- ii. your typical clients and the areas at each period of your legal career, if any, in which you have specialized.

From 1997–2011 my sole client was the Commonwealth of Virginia. From 2011–Present, my clients have primarily been individuals charged with felony and/or misdemeanor criminal charges and traffic offenses. A significant portion of those have been indigent court-appointed clients. For a brief period from 2011–2014, I also represented various car dealers around Virginia in disputes with car manufacturers.

- c. Describe the percentage of your practice that has been in litigation and whether you appeared in court frequently, occasionally, or not at all. If the frequency of your appearances in court varied, describe such variance, providing dates.

Approximately half of my legal career has been dedicated to prosecution and defense, respectively. About half of that time has occurred in courts not of record

doing criminal and traffic cases both as a prosecutor and as a defense attorney. The other half has been in courts of record handling felony criminal matters both as a prosecutor and defense attorney. For a brief time, I handled several administrative law cases on behalf of car dealers who were in disputes with car manufacturers.

i. Indicate the percentage of your practice in:

- | | |
|----------------------------|-------|
| 1. federal courts; | 0% |
| 2. state courts of record; | 49.9% |
| 3. other courts; | 50% |
| 4. administrative agencies | .1% |

ii. Indicate the percentage of your practice in:

- | | |
|--------------------------|-------|
| 1. civil proceedings; | 0% |
| 2. criminal proceedings. | 99.9% |

- d. State the number of cases in courts of record, including cases before administrative law judges, you tried to verdict, judgment or final decision (rather than settled), indicating whether you were sole counsel, chief counsel, or associate counsel.

I have tried hundreds of criminal cases to verdict in both courts of record and not of record as a criminal prosecutor and defense attorney. These were mostly in courts not of record. In all but the most serious cases, I would have been the sole counsel. In the most serious prosecution cases, I served as chief counsel. The majority of my legal career as a prosecutor took place in conservative jurisdictions when Virginia still had jury sentencing.

i. What percentage of these trials were:

- | | |
|--------------|-----|
| 1. jury; | 1% |
| 2. non-jury. | 99% |

- e. Describe your practice, if any, before the Supreme Court of the United States. Supply four (4) copies of any briefs, amicus or otherwise, and, if applicable, any oral argument transcripts before the Supreme Court in connection with your practice.

I have never practiced before the Supreme Court of the United States.

15. **Litigation:** Describe the ten (10) most significant litigated matters which you personally handled, whether or not you were the attorney of record. Give the citations, if the cases were reported, and the docket number and date if unreported. Give a capsule summary of the substance of each case. Identify the party or parties whom you represented; describe in detail the nature of your participation in the litigation and the final disposition of the case. Also state as to each case:

- a. the date of representation;
- b. the name of the court and the name of the judge or judges before whom the case was litigated; and
- c. the individual name, addresses, and telephone numbers of co-counsel and of principal counsel for each of the other parties.

As a prosecutor, I served as lead counsel in a robbery case where the defendant entered a bank in New Market, Virginia and bound the teller with duct tape and robbed her of the money in her drawer. We utilized a forensic expert to match the roll of tape found on the defendant with the tear marks on the tape recovered from the teller. A jury convicted the defendant in a two-day jury trial of robbery, use of a firearm in the commission of robbery, entering a bank with a firearm, abduction and use of a firearm in the commission of abduction. Defendant had a previous conviction of bank robbery and received a sixty-three year active prison sentence from the jury which was upheld by the Court.

Forcible Sodomy

As a prosecutor, I served as lone counsel in a case where a criminal defendant was accused of forcing himself upon the victim after offering to give her a ride in his vehicle but stopped to assault her sexually. The defendant was convicted the defendant in a jury trial of forcible sodomy even though there were no witnesses to the assault. I was able to bolster the victim's credibility through the development of our case evidence and undermine the defendant's credibility on

cross-examination. The defendant had no criminal history and received a two-year active prison sentence.

I did not have co-counsel.

Multiple counts of Distribution of Methamphetamine and Conspiracy to
Distribute Methamphetamine

As a prosecutor, I served as co-counsel in a set of cases where we dismantled a local drug ring in cooperation with federal, state and local law enforcement., I acted as co-counsel in convicting this particular defendant and convicting multiple co-defendants of various drug crimes committed throughout Shenandoah County, Virginia. This case was part of a multi-defendant drug ring with ties to Mexican organized crime and higher weights of methamphetamine sold and seized across the whole conspiracy. This case involved the development of sources, surveillance, controlled drug buys and informants over many months with the majority of defendants taken into custody in an overnight series of raids and execution of search warrants involving more than 100 officers and agents. Nineteen defendants were arrested in total. This particular defendant plead guilty and received a sentence of fifty-five years of imprisonment with all but three years suspended, by plea agreement with my co-counsel.

Robbery and Use of a Firearm in the Commission of Robbery

As a prosecutor, I served as co-counsel in this case where we were able to convict three defendants for robbing a Strasburg, Virginia convenience store in 1997 at gunpoint. This case had gone unsolved for a few years, but I was able to utilize the special multi-jurisdictional grand jury where I was assigned to investigate this crime. We were able to utilize informants and develop evidence in grand jury testimony from associates of the defendants to secure indictments. This particular defendant pleaded guilty and was sentenced to eighteen years of incarceration with ten years suspended.

Involuntary Manslaughter

As a prosecutor, I served as co-counsel in a case where the defendant shot and killed his hunting partner during a deer hunting trip in rural Shenandoah County, Virginia. In a jury trial, we were able to prove that the defendant had marijuana in his system at the time he shot his associate and acted in a manner that was in gross and wanton disregard for human life by failing to identify his target and

being impaired at the time. The jury convicted him and he received a nine month jail sentence.
