Mr. Joe Sammons
President and CEO
Planned Parenthood of the Southern Finger Lakes
314 W State Street
Ithaca, NY 14850

Dear Mr. Sammons:

As you are likely aware, last week a video surfaced in the media in which the Senior Director for Medical Services for the Planned Parenthood Federation of America (PPFA), Deborah Nucatola, discusses at length Planned Parenthood's role in the harvesting and distribution of fetal tissue. In that video, she appears to describe, among other things, the fetal organs available for harvesting, the cost per "specimen," and the coordination with abortion providers to modify their procedures in particular cases to preserve selected organs in order to fill particular orders. Nucatola also explains that the transfer of fetal tissue is largely handled at Planned Parenthood's affiliate level, with the national organization providing some level of coordination. This week, a second video was released, in which the President of PPFA Medical Directors' Council, Mary Gatter, appears to haggle over the price of fetal tissue and to discuss modifying abortion procedures to harvest such fetal tissue.

Various federal regulations and statutes govern the use of human tissue and organs. For example, it is unlawful under 42 U.S.C. § 274e for any person to knowingly acquire, receive, or otherwise transfer any human organ for valuable consideration for use in human transplantation if the transfer affects interstate commerce. 42 U.S.C. § 289g-1 further prohibits the use of fetal human tissue for research without the informed consent of the woman having the abortion and prohibits the alteration of abortion methods and procedures solely in order to obtain fetal tissue. Additionally, under 42 U.S.C. § 289g-2, it is unlawful for any person to knowingly acquire, receive, or otherwise transfer any human fetal tissue for valuable consideration if the transfer affects interstate commerce, and 18 U.S.C. § 1531 prohibits partial-birth abortions. Accordingly, the Senate Judiciary Committee is initiating an inquiry into the procurement of fetal tissue and related activities described in the video.

Please provide the Committee with the following by August 6, 2015:
