Honorable Dick Durbin
Ranking Member, Committee on the Judiciary United States Senate
331 Hart Senate Office Building Washington, D.C. 20510

Dear Chairman Grasley and Ranking Member Durbin:

The undersigned are current and former partners of Slover & Loftus LLP. We write in support of the recent nomination of Bradford Kelley to join the United States District Court for the Eastern District of Louisiana.

Our firm was fortunate to have Mr. Kelley join us as an associate following the completion of his judicial clerkship. He was a valued part of our firm from the end of September 2014 through the beginning of December 2016, when he left to join another firm to pursue his interest in employment law.

Brad is an exceptional individual. During his time at the firm, he displayed excellent professional competence and judgment, the highest integrity, and fine judicial temperament. Since leaving our firm, he has had a highly distinguished career, and we believe that he would be an excellent addition to the bench, should he be confirmed.

We strongly endorse his nomination, and we hope that his nomination receives a prompt confirmation.

Sincerely,

John H. LeSeur
