Charles E. Grassley, Chairman
Senate Committee on the Judiciary
Washington, DC 20510-6275

Dear Senator Grassley,

I am writing to offer my highest recommendation and complete support for the nomination of Judge Bridget S. Bade to be United States Circuit Judge for the Ninth Circuit Court of Appeals.

I have known Judge Bade since 1987, as a law school classmate. We worked together on the Arizona State Law Journal, and practiced in the same law firm for six years. We also served together on the Arizona Civil Practice and Procedure Committee for many years. Most importantly, we have been good friends for these last thirty-one years since meeting in law school.

Judge Bade will be an extremely valuable addition to the Ninth Circuit if confirmed. Not only is she hard-working and very intelligent, she is dedicated to following the law. I cannot imagine Judge Bade ever favoring a personal agenda over making the correct legal decision. I know this because I know her.

In the three decades since we met in law school, Judge Bade has always decided issues based on what was the right thing to do, not the easy thing to do. This attitude is far too rare, but I have seen Judge Bade consistently follow this path of integrity through law school, private practice, and on the bench.

I urge the Committee to confirm Judge Bade.

Sincerely,

LANG & KLAIN, P.C.
