Re: Nomination of Brian Meyers to the United States District Court for the Eastern District of North Carolina

Dear Chairman Grassley and Ranking Member Durbin:

We are all former prosecutors who have served with Brian Meyers. We write in our personal capacities to express our support for his nomination to the United States District Court for the Eastern District of North Carolina.

Anyone reading this letter is likely familiar with Brian's sterling credentials for this position. A graduate of the University of Richmond School of Law, Brian was an outstanding student. He is also a graduate of Davidson University where he excelled academically and was a standout athlete. He has served honorably in the United States Marine Corps.

Additionally, Brian served for many years as an Assistant United States Attorney in the Eastern District, a member of the Executive Office of United States Attorneys, Executive Assistant United States Attorney, and now, United States Magistrate Judge.

Fortunately for the undersigned, we have worked alongside him in that time. We have gotten to know him, and we are better attorneys for it. Brian is an admirable advocate for the United States. In his years in the Justice Department he has been principled, a student of the law, conscientious, creative, and relentless in protecting the United States' interests on appeal. As a judge, he has been even-handed, patient, fair and, again, a faithful student of the law.

The qualities that make Brian an excellent lawyer, colleague, and supervisor will make him an outstanding judge. He holds himself and those around him to the highest moral standards. He has the courage to take the position he believes is correct under the law, even if it is unpopular. He also listens to those who disagree with him and changes his mind when appropriate. He remains calm and contemplative even when the circumstances around him are not. And he never rests on his considerable laurels: instead, he continuously strives to improve his mastery of issues and the effectiveness of his advocacy.

In our view, Brian would be a credit to the bench, and we urge the Senate to confirm him.

Respectfully,
