RE: Trevor Pemberton Nomination to the United States District Court for the Eastern District of Oklahoma

Dear Chairman Grassley and Senator Durbin:

I write in support of Trevor Pemberton's nomination to serve as a United States District Judge for the Eastern District of Oklahoma. I've known Trevor for nearly twenty years, dating back to when we studied for the Oklahoma bar examination in the summer of 2008. Over the years, I've come to know Trevor both professionally and personally, and I believe he is exceptionally well suited to serve on the federal bench.

My friendship with Trevor extends well beyond the practice of law. We both attended Bridge-way Church in Oklahoma City for several years, and Trevor and I have remained in regular contact since then. I can say without reservation that Trevor is one of the most thoughtful and considerate people I have known. He is a person of genuine integrity, and he treats people with respect regardless of their position or circumstances.

Those qualities also make Trevor particularly well suited for the judiciary. He is measured, patient, and willing to listen before reaching a conclusion. He has the temperament and

judgment to consider competing positions fairly and thoughtfully, as he did during his service as an Oklahoma state court judge. His demeanor on the bench reflected the same qualities I have seen in him personally for years: preparation, humility, good judgment, and respect for the people appearing before him.

I have practiced law extensively in the Eastern District of Oklahoma. As a result, I am familiar with the court, its practitioners, and the types of matters that regularly come before it. I have also appeared before judges with a wide range of backgrounds, personalities, and approaches to the job. In my experience, legal ability is only part of what makes an excellent judge. Temperament, judgment, fairness, and the willingness to listen matter just as much. Trevor possesses those qualities in abundance, and based on both my experience in the Eastern District and my long relationship with Trevor, I believe he will be an excellent fit for that court.

I am pleased to support Trevor's nomination and believe he would serve the Eastern District of Oklahoma, the federal judiciary, and the people of Oklahoma extremely well. I respectfully urge the Committee to support his confirmation.

Sincerely,
