Re: Endorsement of Tony Powell for Appointment to the United States District
Court for the District of Kansas

Dear Senators:

I am endorsing Judge Tony Powell for appointment to the United States District Court for the District of Kansas. As a Wichita, Kansas, medical malpractice trial lawyer for 40 years, I keep abreast of what Judges are fair, make well-reasoned decisions, and most importantly, do not have a bias. I am pleased that Judge Powell fits that criteria. Additionally, it was been my experience that Judge Powell exhibited a pleasant judicial temperament and was friendly and courteous. It is important to my practice and to my law firm that experienced, impartial and intelligent judges are on the bench in Federal Court.

Respectfully submitted,
