To Whom It May Concern,

With great pride and absolute confidence, I write this letter of support for Gadyaces "Gady" Serralta's nomination as Director of the United States Marshals Service. I have had the privilege of knowing and working with Gady for nearly 30 years. Throughout that time, I have witnessed a law enforcement professional of exceptional integrity, deep commitment to public service, and unwavering leadership.

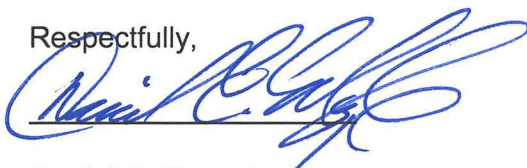

I first came to know Gady during his tenure as a Detective with the Miami-Dade Police Department. Even early in his career, Gady distinguished himself through his sharp investigative instincts, sound judgment, dogged tenacity, and technical expertise. His contributions to complex investigations consistently demonstrated his ability to manage sensitive information, collaborate across agencies, and deliver results in the interest of justice and community safety.

Over the years, Gady's career has only expanded in scope and impact. Most recently, I had the opportunity to observe his leadership in action as he facilitated a critical meeting involving local law enforcement executives and members of the federal judiciary. This effort reflected not only his ability to convene key stakeholders across jurisdictions, but also his diplomatic approach to problem-solving and fostering mutual respect across the criminal justice system.

Gady possesses the highest moral character and a deep commitment to the rule of law. He leads with humility, vision, and a tireless dedication to public safety. His decades of service, both in local and federal law enforcement, make him uniquely qualified to assume the responsibilities of Director of the United States Marshals Service. I am confident that his leadership would strengthen the agency and continue its proud tradition of service and excellence.

Please feel free to contact me should you require any additional information or insight. I offer my strongest possible endorsement for Gadyaces Serralta and urge his favorable consideration.

Respectfully,

Daniel E. Morgalo
