Re: Nomination of Steve Clark as United States District Judge of the Eastern District of Missouri

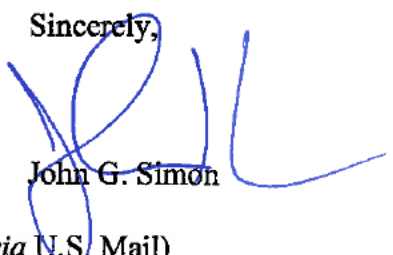

Dear Chairman Grassley and Ranking Member Feinstein:

I write to express my support of the nomination of Steve Clark as United States District Judge for the Eastern District of Missouri.

I have known Steve for a number of years through my brother Tony. Steve and Tony both attended undergraduate at Notre Dame as well as law school at St. Louis University and through that relationship, I have had the pleasure of getting to know Steve rather well. Steve is a well-respected attorney and family man. Steve is the type of thoughtful, intelligent and diligent attorney that our public demands and expects from its Judges. Steve would make an excellent Judge and would bring these skills to greater life if appointed to the United States District Court. With Steve's distinguished resume as a practitioner and the respect and admiration he has earned from the legal community, I am hopeful that Steve's nomination to the judiciary is successful.

Your support of Steve's nomination is important and greatly appreciated.

Sincerely,

John G. Simon
