The Honorable Chuck Grassley
Chairman, Senate Judiciary Committee
United States Senate
Washington, D.C. 20510

Dear Chairman Grassley and Members of the Senate Judiciary Committee,

On behalf of the American Center for Law and Justice (ACLJ), we write to express our strong support for the nomination of Todd Blanche as Attorney General of the United States. Mr. Blanche has demonstrated the experience, judgment, and leadership necessary to guide the Department of Justice at a time when the faithful administration of our laws is of paramount importance. His service as Deputy Attorney General and, most recently, Acting Attorney General, together with his distinguished career as both a federal prosecutor and defense attorney, has given him a broad understanding of the Department's responsibilities and the constitutional principles that must guide its work.

The Attorney General occupies one of the most consequential positions in our constitutional system. The office demands a steadfast commitment to the equal application of the law, the protection of due process, and the preservation of the constitutional rights guaranteed to every American. Public confidence in our justice system depends upon a Department of Justice that faithfully executes the law without regard to political considerations. Mr. Blanche has demonstrated an appreciation for these fundamental principles throughout his public service.

The ACLJ has long defended the constitutional liberties of Americans before the Supreme Court and courts across the nation. We recognize the vital role the Department of Justice plays in protecting those liberties and ensuring that the Constitution remains the supreme law of the land. Mr. Blanche's experience, integrity, and commitment to the rule of law make him exceptionally well qualified to lead the Department.

We respectfully urge the Committee to favorably report Mr. Blanche's nomination to the full Senate and are confident he will continue to protect the constitutional rights of all Americans.

Sincerely,
