

Mtg w/ DAG + Jeff Clarke - 6<sup>th</sup> A.

1/2/21  
- Saturday  
- called in  
by DAG

① DWI Briefing - no evidence of ballot/data tampering in IC  
- influence only

② GA - ~~largest~~ Best Business in GA + its own phone co  
- he called head of FBI - not interested

then called - Bobby Christine - but nothing done | conducted surveillance  
| on warehouse on Hwy 51  
- thinks he saw trucks move ballots to shredding location

Colli City - woman who worked at facility testified at GA Sen. Mtg. that she saw shred trucks at election location

Based on the 2 GA allegations of ballot shredding in GA, JC wants, once again, to send letter saying

- (1) DOJ believe there is significant fraud, and
- (2) GA legislature should call itself into session and select new electors

This is entirely unacceptable

DAG and I make it clear that the Department will not send out such a letter as long as we are in charge of it.

IC reiterates that POTUS has offered him Acting AG position + that he has committed to let him know on Monday whether he wants to do that

Another difficult meeting.

Acknowledges that he did not call 551-241-5511 so he was told to. federal lead requires that ballots be preserved for 22 months
