13. **Judicial Office:** State (chronologically) any judicial offices you have held, including positions as an administrative law judge, whether such position was elected or appointed, and a description of the jurisdiction of each such court.

I have not held judicial office. However, I have served in two appointed positions.

On January 31, 2020, I was appointed by the United States District Court for the District of Delaware to serve as a Special Master in Complex Civil Cases. As a Special Master, I am appointed by the Court in complex civil cases to manage discovery and other matters appointed by the presiding trial judge; to hear, resolve, and rule on all disputes regarding discovery and other matters assigned; and to establish procedures for handling such disputes. I am given the authority by the Court in the cases that I am assigned as a Special Master to require the submission of reports, call conferences, and hold hearings on discovery disputes and other matters assigned, and to issue rulings. To date, I have served as Special Master in two cases before the District Court—both of which have been patent infringement cases. The cases in which I have served as Special Master are: (1) *TQ Delta LLC v. Comcast Cable et al.*, Civil Actions Nos. 15-611, 15-612, 15-614, 15-615, and 15-616-RGA; and (2) *Quest Diagnostics Investments LLC v. Laboratory Corporation of America Holdings et al.*, Civil Action No. 18-1436 -MN. The Honorable Richard G. Andrews is the assigning and presiding judge in the *TQ Delta* actions. The Honorable Maryellen Noreika was the assigning and presiding judge in the *Quest Diagnostics* action.

In 2005, I was appointed by the Supreme Court of Pennsylvania as a Hearing Officer for the Disciplinary Board of the Supreme Court of Pennsylvania. The Disciplinary Board of the Supreme Court of Pennsylvania hears and decides complaints against attorneys for alleged violations of the professional rules of conduct. As a Hearing Officer from approximately 2005 through 2011, I heard and presided over approximately three disciplinary actions. To the best of my recollection, of the three actions, two were resolved prior to judgment and one went to judgment. I do not have copies of any opinions from those actions and they are not published.

- a. Approximately how many cases have you presided over that have gone to verdict or judgment? One.
- i. Of these cases, approximately what percent were:

jury trials:	0%
bench trials:	100%

ii. Of these cases, approximately what percent were:

civil proceedings:	100%
criminal proceedings:	0%

b. Provide citations for all opinions you have written, including concurrences and dissents.

I have issued several Memorandum Orders in my role as Special Master in *TQ Delta LLC v. Comcast Cable et al.*, Civil Actions Nos. 15-611, 15-612, 15-614, 15-615, and 15-616-RGA. Those orders can be found on the case docket in the 15-614 action at document numbers 289, 298, 299, 326, 333, 352, 362, 372, 393, 395, 400, and 402, and on the case docket in the 15-615 action at 321, and 349.

I also issued several Memorandum Orders in my role as Special Master in *Quest Diagnostics Investment LLC v. Laboratory Corporation of America Holdings et al.*, Civil Action No. 18-1436-MN. Those orders can be found on the case docket at document numbers 167, 168, 170, 173, 175, and 176.

c. For each of the 10 most significant cases over which you presided, provide: (1) a capsule summary of the nature of the case; (2) the outcome of the case; (3) the name and contact information for counsel who had a significant role in the trial of the case; and (4) the citation of the case (if reported) or the docket number and a copy of the opinion or judgment (if not reported).

1. *TQ Delta LLC v. Comcast Cable et al.*, Civil Actions Nos. 15-611, 15-612, 15-614, 15-615, and 15-616-RGA.

TQ Delta initiated these actions on July 17, 2015, alleging that Comcast and the other Defendants infringed eight of TQ Delta's patents, including U.S. Patent Nos. 8,718,158 and 9,014,243 in providing cable and other video services to their customers. Defendants deny they infringe TQ Delta's patents. As special master, I resolved several discovery disputes via written orders. Copies supplied. The case remains pending in the discovery stage and I am still involved as special master.

I have not served as a mediator or arbitrator.

b. Describe:

- i. the general character of your law practice and indicate by date when its character has changed over the years.

Since graduating from Villanova University School of Law in 1995, I have practiced as an attorney at Fox Rothschild LLP as a trial attorney and litigator primarily in Delaware, Pennsylvania, and New Jersey. I started practicing law in Pennsylvania and New Jersey in 1995 primarily as a commercial litigator, and moved my primary practice location to Delaware in approximately 2002.

I am a trial attorney and litigator with over twenty-six years of experience

in business, commercial, intellectual property and other litigation, including business torts, contractual disputes, corporate governance, director and shareholder disputes, patent and trademark litigation, restrictive covenants and other employment issues, condemnation, eminent domain and other real property disputes, products liability and other business matters. I handle and manage litigation from intake through disposition and have tried to verdict several jury trials and non-jury trials as first chair in courts in Delaware and Pennsylvania. I also have been able to resolve numerous cases in my clients' favor as first chair before trial and have counseled clients as appropriate on litigation avoidance strategies and other business issues. During my career, I estimate that I have drafted hundreds of pleadings, motions, briefs, interrogatories, document requests, requests for admissions and other written discovery, taken or defended hundreds of depositions of witnesses, argued numerous dispositive motions, motions for temporary restraining orders, preliminary injunctions and other injunctive relief, argued hundreds of discovery motions and other non-dispositive motions, and have handled every other aspect of litigating a case from intake through trial and appeal. I also have handled numerous real estate transactions.

In addition to being a trial attorney and litigator, I have served in the management of our firm. During my tenure as Managing Partner of the firm's Wilmington Office, I managed and supervised over twenty attorneys and a support staff of approximately twenty-five paralegals, legal assistants and other staff. I also have served as a member of the firm's Executive Committee (which is the firmwide Managing Committee), served as a Member of the firm's Finance, Hiring and Technology Committees, and as the Chair of the Litigation Department of the Wilmington Office. I started, and was the first person to serve, as Chair of the firm's Diversity Committee. During my career at the firm, I became the first African-American attorney to rise through the associate ranks to become an Equity Partner in the firm's one hundred year history; the first African-American attorney to serve as Managing Partner of any of the firm's offices; and the first African-American attorney to serve on the firm's Executive Committee.

- ii. your typical clients and the areas at each period of your legal career, if any, in which you have specialized.

My clients have included a wide range of individuals and corporate entities, including technology companies, manufacturers, financial institutions, energy companies, health care and pharmaceutical companies, retailers, government entities, colleges and universities, and faith-based organizations.

- c. Describe the percentage of your practice that has been in litigation and whether

you appeared in court frequently, occasionally, or not at all. If the frequency of your appearances in court varied, describe such variance, providing dates.

Approximately 80 to 90 percent of my practice has been in litigation. The remainder has been in real estate transactional work and other work. With respect to litigation, the breakdown is as follows:

i. Indicate the percentage of your practice in:

- | | |
|-----------------------------|-----|
| 3. federal courts: | 45% |
| 4. state courts of record: | 45% |
| 5. other courts: | 5% |
| 6. administrative agencies: | 5% |

ii. Indicate the percentage of your practice in:

- | | |
|--------------------------|------|
| 1. civil proceedings: | 100% |
| 2. criminal proceedings: | 0% |

d. State the number of cases in courts of record, including cases before administrative law judges, you tried to verdict, judgment or final decision (rather than settled), indicating whether you were sole counsel, chief counsel, or associate counsel.

I have tried six cases to full verdict or final decision (five as first chair and one as associate counsel). Four were jury trials and two were bench trials. I have also handled numerous cases where I have obtained preliminary injunctive relief, summary judgment or favorable decisions on major motions that have led to favorable settlements for my clients prior to trial.

i. What percentage of these trials were:

- | | |
|--------------|-----|
| 1. jury: | 66% |
| 2. non-jury: | 33% |

e. Describe your practice, if any, before the Supreme Court of the United States. Supply four (4) copies of any briefs, amicus or otherwise, and, if applicable, any oral argument transcripts before the Supreme Court in connection with your practice.

I have not practiced before the Supreme Court of the United States.

17. **Litigation:** Describe the ten (10) most significant litigated matters which you personally handled, whether or not you were the attorney of record. Give the citations, if the cases were reported, and the docket number and date if unreported. Give a capsule summary of the substance of each case. Identify the party or parties whom you represented; describe in detail the nature of your participation in the litigation and the final disposition of the case. Also state as to each case:

- a. the date of representation;
 - b. the name of the court and the name of the judge or judges before whom the case was litigated; and
 - c. the individual name, addresses, and telephone numbers of co-counsel and of principal counsel for each of the other parties.

From 2015 through 2018, I represented the State of Delaware in this action where the State moved to take a portion of Defendant's property by its powers of eminent domain for purposes of a road construction project. After drafting and filing the initial pleadings, I moved for and obtained an Order of Possession of the property on behalf of the State. Defendant contested the amount of just compensation and that issue had to be tried by jury. I served as lead trial counsel. I presented most of the State's fact and expert witnesses and cross-examined most of Defendant's fact and expert witnesses. The final disposition was a jury verdict for a just compensation amount less than what Defendant demanded and favorable for the State.

2. *Davis et al. v. Megabus Northeast LLC, et al.*, Civil Case No. 1:16-cv-00939, United States District Court for the District of Columbia (The Honorable Royce C. Lamberth) (2016 – 2018).

From 2016 through 2018, I represented Defendants, Megabus Northeast LLC and Megabus Southeast LLC, in defense of claims of racial discrimination in violation of Section 1981 of the Civil Rights Act of 1866, 42 U.S.C. § 1981, *et seq.*, as amended, intentional infliction of emotional distress, and assault asserted by Plaintiffs Davis (on

behalf of herself and her minor child) Banks. Plaintiffs purchased tickets and were passengers on a bus operated by Defendants traveling from Union Station in Washington, DC to Orlando, Florida. Upon boarding the bus in Washington, DC, an employee of Defendants began loading luggage behind the seats of Plaintiff Davis and her son. Plaintiff voiced her concern to the employee that the baggage placement was unsafe. In response, the employee began using a number of highly offensive racial slurs towards Plaintiff Davis and her son. During the confrontation Plaintiff Banks intervened on behalf of Davis and her son. After intervening, Plaintiff Banks was also threatened and called derogatory names by Defendants' employee. The bus departed from Union Station and Plaintiffs alleged that they were forced to ride nearly 17 hours on the Megabus feeling humiliated, scared, distressed, and upset. Plaintiffs asserted that they suffered mental and emotional distress due to the actions of Defendants and their employee. Plaintiffs claimed that Defendants were liable for the actions of their employee and any harm that Plaintiffs suffered as a result of the employee's actions under the doctrine of Respondent Superior. As lead counsel for Defendants, I drafted the pleadings, discovery, motions, took the depositions of Plaintiffs and defended the deposition of the corporate designee for Defendants. After the close of discovery, I drafted and filed a motion for summary judgment on behalf of the employer Defendants contending that (1) they were not liable for the actions of their employee under the circumstances because the employee's wrongful actions were beyond the scope of his duties; (2) Plaintiffs failed to state a claim for intentional infliction of emotional distress; and (3) Plaintiffs' assault claim was barred by the one year statute of limitations. Plaintiffs cross-moved for summary judgment on the Section 1981 claim. The court granted summary judgment in favor of my clients on the claims for intentional infliction of emotional distress and assault and dismissed those claims. The court denied both sides' motions for summary judgment on the Section 1981 claim. Shortly thereafter, the case settled prior to trial.

From 2015 through 2016, I represented Plaintiff in an action against Defendants asserting claims for infringement of Plaintiff's Arrowpoint trademarks under Section 32 of the Lanham Act, 15 U.S.C. § 1114, misappropriation of trademarks, unfair competition and false advertising under Section 43(a) of the Lanham Act, 15 U.S.C. § 1125(a), common law trademark infringement and misappropriation, and violations of the Delaware Deceptive Trade Practices Act. The claims arose from Defendants' use of the Arrowpoint name in various forms for investment related products and services without Plaintiff's consent or authorization. Plaintiff sought money damages, injunctive relief and other relief as a result of Defendants' wrongful actions. Defendants denied the material allegations of the complaint.

I served as co-lead counsel for Plaintiff in the action. In that capacity, I participated in case strategy formulation, drafting of written discovery, discovery responses and motions with co-counsel. I deposed Defendants' damages expert and participated in preparing Plaintiff's damages experts for deposition. I took the lead for Plaintiff in making the oral argument in opposition to Defendants' partial motion for summary judgment seeking to preclude Plaintiff's claim for disgorgement of profits. The court ruled in Plaintiff's favor on the motion for partial summary judgment. Thereafter, the case settled.

5. *New Castle County, upon the Relation of the County Executive v. Pellicone et al.*, No. 329, 2013, Delaware Supreme Court (Justices Randy Holland, Carolyn Berger and Jack Jacobs); C.A. No. N13C-03-073, Delaware Superior Court (The Honorable Eric M. Davis) (2013 – 2014).

From 2013 through 2014, I represented New Castle County, Delaware in this action where the County moved to take a portion of Defendant's property by its powers of eminent domain for purposes of a County road construction project. After drafting and filing the initial pleadings, I moved for an Order of Possession of the property on behalf of the County. Following an evidentiary hearing which I handled on behalf of the County, the Delaware Superior Court granted the Order of Possession in favor of New Castle County. Defendant appealed the grant of the Order of Possession in the County's favor to the Delaware Supreme Court, and I argued the appeal. The Delaware Supreme Court affirmed the lower court's decision in favor of New Castle County and remanded the case back to the Delaware Superior Court for trial on the contested issue of the amount of just compensation. Thereafter, the parties reached agreement on the amount of just compensation.

6. *Excelis Inc. v. Cellco Partnership, et al.*, Civil Action No. 09-190-LPS, United States District Court for the District of Delaware (The Honorable Leonard P. Stark) (2009 – 2013).

From 2009 through 2013, I represented Plaintiff in an action asserting infringement by Defendants of Plaintiff's patent, U.S. Patent No. 5,365,450 ("the '450 patent"). Plaintiff alleged that Defendants infringed the '450 patent by using, selling and/or offering to sell within the United States, and/or importing into the United States mobile telephones adapted to operate in an assisted GPS ("AGPS") environment and by using, or providing to others, cellular phone services including support for AGPS services and operating the telecommunication network through which GPS satellite data is received, stored and transmitted to mobile telephones, which telephones and services embody and/or practice the claimed invention of the '450 patent in violation of 35 U.S.C. § 271. Defendants denied the material allegations of the complaint.

The parties engaged in extensive discovery and motion practice. I served as Delaware co-counsel advising my co-counsel about the local rules and practice in the United States District Court for the District of Delaware, participating in case strategy discussions with co-counsel and the client, drafting and co-drafting pleadings, reviewing, editing and conforming all pleadings, motions, discovery, and any other documents filed with the Court to make sure that all filings and documents served complied with local practice. The case settled prior to trial.

State of Delaware, upon the Relation of the Secretary of the Department of Transportation*, No. 518, 2013, Delaware Supreme Court (Chief Justice Myron Steele, Justices Randy Holland, Carolyn Berger, Jack Jacobs and Vice Chancellor Travis Laster (sitting by designation)); C.A. No. N12C-01-128, Delaware Superior Court (The Honorable John A. Parkins, Jr.) (2012 – 2013).

From 2012 through 2013, I represented the State of Delaware in this action where the State moved to take a portion of Defendants' property by its powers of eminent domain for purposes of a road construction project. After drafting and filing the initial pleadings, I moved for an Order of Possession of the property on behalf of the State. Following an evidentiary hearing, the Delaware Superior Court granted the Order of Possession in the State's favor. Defendants appealed the grant of the Order of Possession to the Delaware Supreme Court arguing that the State did not make a good faith offer because of a defective appraisal. I argued twice before the Delaware Supreme Court during the appeal. The Delaware Supreme Court reversed the Delaware Superior Court's ruling and remanded the case back to the Delaware Superior Court. Thereafter, the case was resolved for an amount less than what was demanded by Defendants.

8. *Encite LLC v. Soni et al.*, C.A. No. 2476, Delaware Chancery Court (Chancellor William B. Chandler, Vice Chancellor Leo E. Strine and Vice Chancellor Sam Glasscock) (2006 – 2012).

From 2006 through 2012, I represented four former directors of Plaintiff (the "Director Defendants") in a derivative action in which Plaintiff claimed that the Director Defendants breached their fiduciary duties to Plaintiff and their covenant of good faith and fair dealing, and that other Defendants aided and abetted the Director Defendants in their breach of fiduciary duties to Plaintiff. The Director Defendants denied the claims

asserted against them.

The Director Defendants and other Defendants moved, pursuant to Court of Chancery Rule 12(b)(6), to dismiss the claims asserted against them. I served as lead counsel for the Director Defendants throughout the litigation. I argued the motion to dismiss on behalf of the Director Defendants. The Court granted the motion in dismiss as to Plaintiff's claim for breach of the covenant of good faith and fair dealing and denied the motion as to the remaining claims. The parties engaged in extensive discovery and motion practice. I drafted a significant portion of the discovery requests, discovery responses and motions filed by the Director Defendants throughout the matter. I also supervised, reviewed and approved all other documents served or filed on behalf of the Director Defendants. At the conclusion of discovery, the Director Defendants filed a motion for summary judgment on the remaining claims in the action. While the motion for summary judgment was pending and on the eve of trial, the case settled through mediation.

9. *The Conference of African Union First Colored Methodist Protestant Church v. Hovington Faith Community Church et al.*, C.A. No. 1761, Delaware Chancery Court (Master Sam Glasscock) (2005 –2010).

From 2005 through 2010, I represented Plaintiff, a conference of approximately 30 member churches located in New York, New Jersey, Maryland, Delaware, and Pennsylvania in an action involving a dispute over real property. Defendant was a member church located in Delaware attempting to secede from the conference and take

with it church property that both Plaintiff and Defendant claimed they owned.

I served as lead counsel for Plaintiff. I drafted the pleadings, written discovery, and took most of the depositions of Defendant's witnesses and defended most of the depositions of Plaintiff's witnesses. During the bench trial, I presented Plaintiff's fact and expert witnesses and cross-examined Defendant's fact and expert witnesses. I supervised and draft the post-trial briefing and other written submissions. Ultimately, the court rendered judgment in Plaintiff's favor.

10. *American Express Financial Advisors Inc. v. Adams et al.*, Civil Action No. 01-4795, U.S.D.C., E.D. Pa. (The Honorable Jay Carl Waldman); and NASD Arbitration No. 01-05028 (2001 – 2002).

From 2001 to 2002, I represented American Express Financial Advisors ("AEFA") as first chair trial counsel in an action to enforce restrictive covenants and prevent unfair competition by a group of financial advisors who wrongfully terminated their agency association with AEFA on September 11, 2001, and immediately began to solicit clients to transfer their investment accounts to the group's new principal. More than \$60 million in client investment accounts and corresponding commissions to AEFA were at issue. The case was litigated both in the United States District Court for the Eastern District of Pennsylvania and before the National Association of Securities Dealers ("NASD"), a predecessor of FINRA. I drafted the complaints and injunction motions in both jurisdictions, and successfully handled as first chair the evidentiary hearings on the motions for temporary restraining order and preliminary injunction filed on behalf of AEFA which were granted by the Court. Following the grant of temporary restraining order and preliminary injunction in AEFA's favor, which put an end to Defendants' attempted rapid transfer of client investment accounts to their new principal and preserved over \$50 million of the subject AEFA investment accounts, the litigation in the Eastern District of Pennsylvania was stayed and the litigation before the NASA proceeded. I drafted the written discovery and motions filed, took and defended depositions, and handled hearings. Ultimately, the case settled in a very favorable manner for AEFA. At the time, this was a flagship case for AEFA, given the profile of the lead advisor involved and the amount of client investment money at issue.

18. **Legal Activities:** Describe the most significant legal activities you have pursued, including significant litigation which did not progress to trial or legal matters that did not involve litigation. Describe fully the nature of your participation in these activities. List any client(s) or organization(s) for whom you performed lobbying activities and describe the lobbying activities you performed on behalf of such client(s) or organizations(s). (Note: As to any facts requested in this question, please omit any information protected by the attorney-client privilege.)

During my career, I have counseled numerous clients on litigation avoidance and mitigation strategies that have avoided or resolved disputes prior to litigation. Moreover, in addition to my litigation activities for the State of Delaware Department of Transportation, I handled hundreds of residential and commercial real estate transactions for the State in acquiring properties or portions of properties in Delaware by agreement for road construction projects. I have also mentored several associates at my firm and outside of my firm over the years.

I was one of four Delaware attorneys selected by the Judges of the United States District Court for the District of Delaware to serve as a Mentor for the attorneys selected to participate in the Court's inaugural Trial Practice program. I served as a Mentor in the program for six years—approximately 2011 through 2017. As a Mentor in the program, I provided live examples, guidance, and feedback to the attorney participants on every aspect of trying a case, including opening statements, direct examination, cross examination, and closing arguments. During the time that I served as a Mentor in the program, there were two graduating classes with each class consisting of approximately ten attorneys with approximately six to ten years of experience.

I have not performed any lobbying activities on behalf of any clients.

19. **Teaching:** What courses have you taught? For each course, state the title, the institution at which you taught the course, the years in which you taught the course, and describe briefly the subject matter of the course and the major topics taught. If you have a syllabus of each course, provide four (4) copies to the committee.

None.

20. **Deferred Income/ Future Benefits:** List the sources, amounts and dates of all anticipated receipts from deferred income arrangements, stock, options, uncompleted

contracts and other future benefits which you expect to derive from previous business relationships, professional services, firm memberships, former employers, clients or customers. Describe the arrangements you have made to be compensated in the future for any financial or business interest.

In light of the number of years as an equity partner, I qualify for a retirement benefit from my current firm, Fox Rothschild LLP, for retired partners. I would need to discuss specifics with the firm upon my notice of departure.

21. **Outside Commitments During Court Service:** Do you have any plans, commitments, or agreements to pursue outside employment, with or without compensation, during your service with the court? If so, explain.

I am currently a member of the Board of Directors of Highmark Delaware BCBSD, Inc. If possible, I would like to continue to serve on that board for the remainder of my term with the appropriate ethical walls and screening implemented. However, if necessary and if confirmed, I would resign at the appropriate time.

22. **Sources of Income:** List sources and amounts of all income received during the calendar year preceding your nomination and for the current calendar year, including all salaries, fees, dividends, interest, gifts, rents, royalties, licensing fees, honoraria, and other items exceeding \$500 or more (if you prefer to do so, copies of the financial disclosure report, required by the Ethics in Government Act of 1978, may be substituted here).

When my nomination is formally submitted to the Senate, I will file my Financial Disclosure Report and will supplement this Questionnaire with a copy of that Report.

23. **Statement of Net Worth:** Please complete the attached financial net worth statement in detail (add schedules as called for).

See attached Net Worth Statement.

24. **Potential Conflicts of Interest:**

- a. Identify the family members or other persons, parties, categories of litigation, and financial arrangements that are likely to present potential conflicts-of-interest when you first assume the position to which you have been nominated. Explain how you would address any such conflict if it were to arise.

If confirmed, I would recuse myself from any case in which I ever played any role. For a period of time, I also would recuse myself from cases where my current firm, Fox Rothschild LLP, is involved. I also would implement an ethical screen with the Clerk of Court to not assign me to, and I would not get involved in any cases involving any of the Highmark entities and the Legal Services Corporation of Delaware while I complete my terms on those boards and for an appropriate amount of time after my departure from those boards.

Also, I would recuse myself from any case involving my wife's employer, my children's employers, or any entity in which either my wife or children are officers, directors, have a financial interest in the subject matter in controversy, or are parties in the action.

I would address any potential conflicts of interest by following 28 U.S.C. § 455, and all other applicable authorities. I would also seek input from the parties, their counsel, and other judges as necessary and permissible.

- b. Explain how you will resolve any potential conflict of interest, including the procedure you will follow in determining these areas of concern.

If confirmed, I would address any actual or potential conflicts of interest by applying the Code of Conduct for United States Judges, the rules and standards set forth in 28 U.S.C. § 455, and any other relevant ethical canons or rules.

25. **Pro Bono Work:** An ethical consideration under Canon 2 of the American Bar Association's Code of Professional Responsibility calls for "every lawyer, regardless of professional prominence or professional workload, to find some time to participate in serving the disadvantaged." Describe what you have done to fulfill these responsibilities, listing specific instances and the amount of time devoted to each.

During my career, I have participated in serving the disadvantaged in several ways. Since 2003, I have served as a guardian *ad litem*/attorney child advocate volunteer for the Delaware Office of Child Advocate. During that time, I have served as the appointed guardian *ad litem*/attorney child advocate for six children in five cases. In each case, I served in that role from the appointment date until the child either reached adulthood or was reunited with a responsible parent or other caretaker relative through the State of Delaware Division of Family Services and family court process. From 2012 through the present, I have served as a Member of the Board of Directors of Legal Services Corporation of Delaware, Inc. ("LSCD"), which provides free legal services to low-income clients. From 2001 through 2006, I served as a Member of the Board of Directors of Community Legal Services of Philadelphia ("CLS"), which also provides free legal services to low-income clients in Philadelphia. From 1995 through approximately 2002, I served as panel counsel on the United States District Court for the Eastern District of Pennsylvania Prisoners' Civil Rights Program where I represented indigent prisoners on a pro bono basis in actions involving alleged violations of prisoners' civil rights.

26. **Selection Process:**

- a. Please describe your experience in the entire judicial selection process, from beginning to end (including the circumstances which led to your nomination and the interviews in which you participated). Is there a selection commission in your jurisdiction to recommend candidates for nomination to the federal courts? If so, please include that process in your description, as well as whether the commission

recommended your nomination. List the dates of all interviews or communications you had with the White House staff or the Justice Department regarding this nomination. Do not include any contacts with Federal Bureau of Investigation personnel concerning your nomination.

On November 17, 2021, I submitted application materials to the Judicial Nominating Commission established by Senators Chris Coons and Tom Carper, and interviewed with the selection committee on or around December 10, 2021. The selection committee recommended me to Senators Coons and Carper, and I interviewed with the senators and their staffs on December 20, 2021. On December 22, 2021, I interviewed with attorneys from the White House Counsel's Office. Since February 2, 2022, I have been in contact with officials from the Office of Legal Policy at the Department of Justice. On April 13, 2022, the President announced his intent to nominate me.

- b. Has anyone involved in the process of selecting you as a judicial nominee discussed with you any currently pending or specific case, legal issue or question in a manner that could reasonably be interpreted as seeking any express or implied assurances concerning your position on such case, issue, or question? If so, explain fully.

No.
