I have not served as a mediator or arbitrator in alternative dispute resolution proceedings.

- b. Describe:

- i. the general character of your law practice and indicate by date when its character has changed over the years.

Other than the two years clerking, my practice has three main phases. In the three years I spent with Brown and Bain (later acquired by Perkins Coie), I largely litigated trial matters related to securities and consumer-fraud claims. My clients were mostly defendants in such matters. I also handled some matters involving local taxation and local constitutional torts. In my time with Vorys, I primarily litigated product-liability and financial-services matters. Again, most of those matters involved clients on the defense side. I also litigated some intellectual-property and constitutional claims. In the third phase, as a public litigator, the bulk of my time involves litigating appeals. They span the entire range of Ohio's litigation, from criminal law to negligence to constitutional claims.

- ii. your typical clients and the areas at each period of your legal career, if any, in which you have specialized.

In my private practice time, my typical clients were Fortune 500 companies, although several matters involved medium-sized businesses. My areas of specialty in those years included securities-broker liability and product liability. In public practice, all of my clients are an arm or officer the State of Ohio. I have no substantive specialty, as my cases rage across many substantive areas.

- c. Describe the percentage of your practice that has been in litigation and whether you appeared in court frequently, occasionally, or not at all. If the frequency of your appearances in court varied, describe such variance, providing dates.

My practice has been nearly 100% litigation for my entire career. Throughout, I have appeared in court occasionally.

- i. Indicate the percentage of your practice in:

- | | | |
|----|--------------------------|-----|
| 1. | federal courts: | 35% |
| 2. | state courts of record: | 65% |
| 3. | other courts: | 0% |
| 4. | administrative agencies: | 0% |

- ii. Indicate the percentage of your practice in:

- | | | |
|----|-----------------------|-----|
| 1. | civil proceedings: | 50% |
| 2. | criminal proceedings: | 50% |

17. **Litigation:** Describe the ten (10) most significant litigated matters which you personally handled, whether or not you were the attorney of record. Give the citations, if the cases were reported, and the docket number and date if unreported. Give a capsule summary of the substance of each case. Identify the party or parties whom you represented; describe in detail the nature of your participation in the litigation and the final disposition of the case. Also state as to each case:

- a. the date of representation;

1. *Allied Health & Chiropractic LLC v. Ohio*, Ohio S. Ct. No. 2024-945 (pending). (Justices Kennedy, Fischer, DeWine, Brunner, Deters, Hawkins, and Shanahan) (Representation: 2023 – present)

I represented state officers, including the Governor, in this case challenging the constitutionality of a law reforming chiropractic regulations. In the Supreme Court, my clients asked the Court to overrule its precedent about the original meaning of the Ohio Constitution's clause governing how statutory amendments intersect with pre-amendment language in the same statute. I led the briefing and handled the oral argument in the Ohio Supreme Court. The decision is pending.

I represented Ohio and a coalition of sixteen other States in filing a certiorari petition asking the Court to reverse the D.C. Circuit by recognizing that the States' equal sovereignty renders unconstitutional the Clean Air Act provision that lets California set air-quality standards that no other State may set. I wrote the certiorari petition. The Court denied the petition over Justice Thomas's dissent.

(Representation: 2019 – 2023)

I represented the Warden in this successive habeas case from a notorious 1990s triple murder on claims of actual innocence and multiple *Brady* violations. I handled the oral argument at the request of senior leadership of the Attorney General's Office. The case attracted national attention after Kim Kardashian produced a multi-part podcast about the case. The Court agreed with the Warden and rejected the Petitioner's claim.

I represented Governor DeWine and Director Damschroder against a claim that the decision to terminate CARES Act unemployment payments (valued at more than \$100 million) violated a state statute. I led the petition and merit briefing and handled the oral argument. The Supreme Court dismissed the appeal as moot after oral argument. The case is currently back before the Ohio Supreme Court as No. 2025-1055. In that second appeal, I led the petition and merit briefing. The second appeal involves the same statutory question as the first appeal along with new questions about whether a later-in-time statute is retroactive and constitutional.

I represented Ohio Medicaid Director Sears in this appeal of a certified class claiming more than \$100 million in damages. In the Supreme Court, the case centered on the legislature's power to create and substitute an administrative remedy for the common-law remedy the class would otherwise pursue. I led the petition and merit briefing and handled the oral argument. The Supreme Court agreed with the Director and vacated the class.

I represented the Attorney General, who in turn represented the people of Ohio. The case involved a federal preemption defense to Ohio's claims against Volkswagen for cheating on emissions tests for its vehicles to the detriment of Ohio's environment. The case was one of many around the country raising the same federal preemption question. I led the briefing and handled the oral argument. The Supreme Court agreed with the Attorney General. I later wrote a brief opposing certiorari, which the Supreme Court denied. *See* No. 21-312 (Nov. 15, 2021).

I represented the warden in this habeas-corpus challenge to a death sentence under *Atkins v. Virginia*. The appeal raised tricky questions about intellectual-disability diagnoses with a record that covered decades of tests and interviews. I handled the oral argument. A panel reversed the district court's decision denying the writ. But the en-banc Sixth Circuit reversed that ruling. *See Hill v. Shoop*, 11 F.4th 373 (2021). I co-led the en-banc briefing and the briefing opposing certiorari, which the U.S. Supreme Court denied. *See* No. 21-6428 (June 30, 2022). A related issue about the same petitioner is now pending in the Ohio Supreme Court. *State v. Hill*, No. 2024-352 (Ohio S. Ct.). I led the petition and merit briefing and handled the oral argument as a special prosecutor for the Trumbull County Prosecutor's Office. The case remains pending.

I represented the Ohio State University as a plaintiff in this trademark-infringement case against an on-demand facilitator of printed goods such as shirts and coffee mugs. The case was one of the first nationally to address secondary trademark liability for on-demand printers. I led the briefing and handled the oral argument. I represented Ohio Secretary of State Husted in this challenge to Ohio's voter list-maintenance process. I led the briefing and handled the oral argument in this emergency, expedited appeal. The Court rejected the Secretary's argument. The Supreme Court later reversed, thus upholding the Secretary's position. I co-wrote the certiorari and merit briefing in the U.S. Supreme Court.

18. **Legal Activities:** Describe the most significant legal activities you have pursued, including significant litigation which did not progress to trial or legal matters that did not involve litigation. Describe fully the nature of your participation in these activities. List any client(s) or organization(s) for whom you performed lobbying activities and describe the lobbying activities you performed on behalf of such client(s) or organizations(s). (Note: As to any facts requested in this question, please omit any information protected by the attorney-client privilege.)

While the vast majority of my legal work has been litigation, I estimate that 1-2% of my work over my career has involved non-litigation counseling. In private practice that included advice about constitutional compliance for a municipal code, advice about a popular referendum, and advice about contract drafting. In my public practice, my non-litigation roles have involved advice about drafting statutes and advice to the Attorney General about constitutional meaning and history.

I have never performed any lobbying activities.

19. **Teaching:** What courses have you taught? For each course, state the title, the institution at which you taught the course, the years in which you taught the course, and describe briefly the subject matter of the course and the major topics taught. If you have a syllabus of each course, provide copies to the committee.

On four separate occasions, I taught a section of second-year Appellate Advocacy at the Ohio State University Moritz School of Law. I taught the course in Fall 2019, Fall 2020, Fall 2021, and Fall 2022. The class involved a brief-writing and oral-advocacy assignment across the whole semester built around a real or hypothetical Ohio Supreme Court or federal court of appeals case. I was responsible for the feedback and problem-specific instruction for 12 students, while the full-time professor handled day-to-day lectures for the entire class. I have no syllabus for the class.

20. **Deferred Income/ Future Benefits:** List the sources, amounts and dates of all anticipated receipts from deferred income arrangements, stock, options, uncompleted contracts and other future benefits which you expect to derive from previous business relationships, professional services, firm memberships, former employers, clients or customers. Describe the arrangements you have made to be compensated in the future for any financial or business interest.

I will receive future gains from the investments in stocks and other financial instruments disclosed in my statement of net worth. That includes the investments held in my defined-contribution plans earned from my time in private practice and my time working for the State of Ohio.

I also am entitled to use the funds in what is called a Retiree Medical Account once I retire from service for the State of Ohio. As I understand the program, those funds can be used to pay for private health plans.

21. **Outside Commitments During Court Service:** Do you have any plans, commitments, or agreements to pursue outside employment, with or without compensation, during your service with the court? If so, explain.

I have no plans to pursue outside employment if I am confirmed to this position.

22. **Sources of Income:** List sources and amounts of all income received during the calendar year preceding your nomination and for the current calendar year, including all salaries, fees, dividends, interest, gifts, rents, royalties, licensing fees, honoraria, and other items exceeding \$500 or more (if you prefer to do so, copies of the financial disclosure report, required by the Ethics in Government Act of 1978, may be substituted here).

When my nomination is formally transmitted to the Senate, I will file my Financial Disclosure Report and will supplement this Questionnaire with a copy of that Report.

23. **Statement of Net Worth:** Please complete the attached financial net worth statement in detail (add schedules as called for).

See attached Net Worth Statement.

24. **Potential Conflicts of Interest:**

a. Identify the family members or other persons, parties, categories of litigation, and financial arrangements that are likely to present potential conflicts-of-interest when you first assume the position to which you have been nominated. Explain how you would address any such conflict if it were to arise.

The only likely source of conflicts in first assuming the position would arise from my current employment as a government lawyer for the State of Ohio. I plan to recuse myself from any cases arising from that Office that were open or pending during my tenure.

I will evaluate any other real or potential conflict, or a relationship that could give rise to an appearance of conflict, on a case-by-case basis and take appropriate action, including recusal where necessary.

b. Explain how you will resolve any potential conflict of interest, including the procedure you will follow in determining these areas of concern.

If confirmed, I will carefully review and address any real or potential conflicts of interest by consulting 28 U.S.C. § 455(a) & (b)(3) and Canon 3C of the Code of Conduct for United States Judges. I would also consult any judicial decisions or Judicial Conference opinions addressing similar factual circumstances as those raised in the particular case.

25. **Pro Bono Work:** An ethical consideration under Canon 2 of the American Bar Association's Code of Professional Responsibility calls for "every lawyer, regardless of professional prominence or professional workload, to find some time to participate in serving the disadvantaged." Describe what you have done to fulfill these responsibilities, listing specific instances and the amount of time devoted to each.

My service in public law makes pro-bono representation difficult. Instead of traditional pro-bono, I have directed my efforts to give back to the legal community to mentoring new lawyers, law students, and law-interested high-school students. I have mentored nearly a dozen new attorneys through the Ohio Supreme Court's program. I have spent over 150 hours on the program. I volunteer at several programs run by the Ohio Center for Law Related Education, which sponsors showcases and competitions for high-school students about the law and the constitution. I have spent more than 500 hours in that capacity.

During my private-practice years, I performed the following pro-bono service that I can recall. I co-counseled an immigration-asylum application for a teen from Guatemala. I spent about 40 hours on the project. I co-counseled an asylum appeal for a woman from Guatemala. I spent around 100 hours on the project. I co-counseled a Hague Convention appeal for a French national. I spent about 200 hours on the project. I co-counseled a federal criminal-sentencing appeal. I spent about 80 hours on the project. I analyzed a possible California initiated constitutional amendment for a political entrepreneur. I spent about 40 hours on the project. I represented property owners seeking lower tax assessments before an administrative-appeal

body. I spent about 80 hours on the project. In screened cases for a tenant-advocacy project. I spent about 40 hours on the project.

26. **Selection Process:**

a. Please describe your experience in the entire judicial selection process, from beginning to end (including the circumstances which led to your nomination and the interviews in which you participated). Is there a selection commission in your jurisdiction to recommend candidates for nomination to the federal courts? If so, please include that process in your description, as well as whether the commission recommended your nomination. List the dates of all interviews or communications you had with the White House staff or the Justice Department regarding this nomination. Do not include any contacts with Federal Bureau of Investigation personnel concerning your nomination.

In March 2025, I inquired whether either new Ohio Senator had set up a process for judicial nominations. In May and June of 2025, staff in each of Senator Moreno's and Senator Husted's offices asked me to submit materials for this position. I interviewed with staff from each office in early July 2025. On July 25, I interviewed with Senator Moreno and Senator Husted in separate interviews. On October 17, 2025, the White House Counsel's Office emailed and asked me for information. Then on October 21, 2025, that Office invited me for an interview in Washington, D.C. Staff from the White House Counsel's Office interviewed me on November 3, 2025, in the Eisenhower Executive Office Building. On March 12, 2026, the White House Counsel's Office told me that they were recommending that the President nominate me for this position. Since then I have been in contact with members of the Office of Legal Policy and the White House Counsel's Office.

b. Has anyone involved in the process of selecting you as a judicial nominee discussed with you any currently pending or specific case, legal issue or question in a manner that could reasonably be interpreted as seeking any express or implied assurances concerning your position on such case, issue, or question? If so, explain fully.

No.
